Rod Lloyd, 2023-01-01

Autobiography by D Rod Lloyd transitioning from an English background to a US adulthood Learn what small things growing up formed the basis of the man They say to truly know and understand a man you need to walk a mile in his shoes Here is an opportunity to walk in my shoes and get to know me a little There have been many autobiographies written by famous people or those who have made some notable contribution making their story sought after I write this not as a famous or prominent person but as an average lad for those who are interested to see what my average life has consisted of and to truly see where I am coming from I wish my grandparents had written such a book for me to know them better In school I was the worst writer and speller Now I am writing as a published author This book has helped me understand my past and put all the pieces into perspective understand how each experience has affected and influenced my life Getting started was the hardest part Once I started writing I became addicted and consumed I couldn't stop It was almost like I needed to see where I came from and where it was taking me They say when you have a near death experience your life flashes before you Writing your own life story is a much more civilized way to get what I assume is the same experience It is a fascinating journey revisiting one's own life Our memories are stored in the mind as little pockets of isolated information Writing this book has allowed me to consolidate the memories into a logical and chronological order **How to Get Rid of Mold** D. Rod Lloyd, 2023-01-22

The thought of Mold in your home terrifies many people And rightly so Some Molds are very harmful The first instinct is to call a professional mold inspector who will likely charge hundreds of dollars to perform an inspection you can do yourself In fact the chances are you can and will do a better job Inspectors want to get in get out and get paid You have more time more opportunity and more at stake to poke into every corner and know the history Be more thorough A mold inspector will likely recommend professional remediation That's a big word that will cost Big money Most likely you will be able to do most or all the work *Handbell Ringers Bible* D. Rod Lloyd, Learn Handbells from scratch or become a better Ringer This is the completely revised 2023 Handbell Ringers Bible I listened to all your comments and have made this even more comprehensive and easier to learn from A set of handbells creates ONE musical instrument They are always in tune and most ringers play only two bells plus their accidental making it one of the easiest musical instruments to learn and a lot of fun to play Having said that to play any instrument well you need to study and practice You don't need to be a musician to begin to play bells but you will be a musician once you have mastered the instrument and its techniques If you can count to four and know your left from your right you have the necessary qualifications You don't need a deep understanding of music theory I have selected the parts of music that you do need making it as simple as possible It is all too common for new handbell

ringers to be thrown in at the deep end with just a short explanation of how to ring the bell and off they go playing in an existing handbell choir I have created this Method Book full explanation of all the terms and techniques training videos as well as handbell music notation to make learning handbells more structured and informative Money From Mobiles By an Old Pro D. Rod Lloyd,2023-01-21 The most comprehensive book on Mobile Homes This is a nuts and bolts description of how to make money from mobile homes I have no intention of talking you into this plan by giving brainwashing example after example of the deals I am also not going to gloss over the pitfalls and problems of the system either It is not a get rich quick scheme and there is some risk involved It takes some cash to run the system and I do not recommend doing it on a shoestring It takes some time but can be a lot of fun However it is possible to make an excellent return on your investment Today interest rates have almost shriveled up and died Those who have saved all their lives to secure retirement have a wake up call from failed speculative investments or almost zero interest rates for safe investments **House Flipping for Big**

**Profits by an Old Pro** D. Rod Lloyd,2023-01-21 This book discusses buying a property for the sole purpose of remodeling it to resell commonly known as flipping This practice has been made popular by recent DIY programs on TV that tend to glamorize the process but make no mistake the process of house flipping is hard work very stressful and requires a lot of money and skill There are a couple of reasons why a person might want to flip a house The first reason is it is a historical or classical building and a person wants to do the project for the love of the building The second reason is TO MAKE MONEY I believe 99% or more fall into the latter and this book deals with this I will guide you through all the steps in buying your property the remodeling process and finally selling the project to make BIG PROFITS I go into every granular detail as I have been there and done that dozens of times Don t start a house flip without reading this book Includes Mobile Homes and Rental Property **Home Inspection and Mold Testing Business** D> Rod Lloyd,2023-01-21 Updated 2023 edition The
