Diller Scofidio + Renfro Edward Dimendberg, 2013-03-20. In *Diller Scofidio Renfro: Architecture after Images*, Edward Dimendberg offers the first comprehensive treatment of one of the most imaginative contemporary design studios. Since founding their practice in 1979, Elizabeth Diller and Ricardo Scofidio have integrated architecture, urban design, media art and the performing arts in a dazzling array of projects which include performances, art installations and books in addition to buildings and public spaces. At the center of this work is a fascination with vision and a commitment to questioning the certainty and security long associated with architecture. Dimendberg provides an extensive overview of these concerns and the history of the studio, revealing how principals Elizabeth Diller, Ricardo Scofidio and Charles Renfro continue to expand the definition of architecture, question the nature of space and vision in contemporary culture and produce work that is endlessly surprising and rewarding from New York's High Line to *Blur* and
