[Ancient Times, a History of the Early World](#) James Henry Breasted, 2017-11-24 Excerpt from *Ancient Times a History of the Early World* An Introduction to the Study of Ancient History and the Career of Early Man Finally when we recall that the leading religion of the world the one which still dominates Western civilization to day came to us out of the Orient when we further remember that before it fell the Roman Empire was completely orientalized it would appear to be only fair to our schools to give them books furnishing an adequate treatment of pre greek civilization This does not mean to question for a moment the undeniable supremacy of Greek culture or to give it any less space than before The author believes that no one who reads the chapters on Greece in this survey will gain the impression that Hellas has been sacrificed to Moloch in other words to her oriental predecessors About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do

Military History of Late Rome 565-602 Ilkka Syväanne,2022-09-21 A fresh analysis of the Roman Empire in the aftermath of the reconquests of Justinian I It is often claimed that Justinian overstretched the Roman resources but the analysis in Military History of Late Rome 565 602 proves that view wrong It demonstrates that the initial troubles were largely the result of the mistakes of Justin II and that his successors Tiberius II and Maurice not only restored its fortunes but were at the time of Maurice s death actually poised to complete the reconquests of Justinian It was thanks to the reforms of Maurice which were codified in the military treatise the Strategikon that the Roman army had achieved a position

of relative superiority over all of its enemies so that by 602 the Romans had decisively defeated the Persians Slavs and Avars These gains however were lost when Maurice was murdered in a military mutiny that brought Phocas to power This volume explains why the Roman army overthrew one of the greatest Roman emperors who ever lived This was an era of epic battles so the author also pays particular attention to the period tactics and analyzes all the period battles in great detail These include such battles as Melitene Constantia Sirmium Nymphius River Solanchon Lake Urmiah Plain of Canzak Iatrus and the epic battles of Priscus and Comentiolus in the Balkans Praise for Military History of Late Rome 425 457 An outstanding work the series gives us a very good picture of the long process that has come to be known as the Fall of Rome This is an invaluable read for anyone with an interest in Late Antiquity The NYMAS Review *Standard Catalog for High School Libraries* ,1928 The 1st ed accompanied by a list of Library of Congress card numbers for books except fiction pamphlets etc which are included in the 1st ed and its supplement 1926 29
