**Apple Crisp Recipes** Alicia K Spinks,2020-10-24 Apple Crisp Recipe is the best fall dessert Most times freshly sliced apples are topped with a buttery cinnamon oat topping that tastes great with a scoop of vanilla ice cream Don t eat that your weight will explode This cracks me up Every now and again you turn on your TV and see some news reporter chattering on and on about the hidden dangers of sugar and apple crisp as it mostly contains sugar Sugar is worse than smoking cigarettes Taking sugar will blow your weight out of proportion and make your husband hate you Eating 3 oz a day of sugar will make your body weight explode and vegans will line up to spit on your grave This is madness You and I both know that taking artificial sugar isn t at all that bad for you as painted In fact taking sugar often is actually one of the healthiest things you can eat But you can only enjoy all these amazing health benefits if you pay attention carefully The same thing can be said of natural sugars if taken excessively If you take it in excess then you can expect to have an over bloated tummy and a much lower nutritional value Now listen If you take sugar on a normal proportion your weight won t explode Don t you want to eat apple crisp recipes with crunchy quality better cooked great taste to augment your nutrient profile Don t you think you d have more energy if you fueled your body with the right kind of carb Don t you think your health would be better if you ate the highest quality apple crisp crumbles and oats Don t you think you d enjoy each and every day a little bit more knowing that everything you eat is contributing to your health and performance instead of ruining it Don t you want to enjoy this Christmas holiday and winter with the right meals You re smart You care about your health and performance And you want to look and feel good You owe it to yourself to at least test drive APPLE CRISP RECIPES one time Discover how these APPLE CRISP RECIPES can help you eat better and feel better every day
