William Poundstone

Apple Store Upper West Side:

Smashing jQuery Jake Rutter, 2011-01-13 From the world's most popular resource for web designers and developers comes the ultimate guide to jQuery. Begins with an exploration of fundamental jQuery concepts such as Document Object Model DOM scripting. Explores writing Don't Repeat Yourself (DRY) to gain a comprehensive understanding of these imperative modern techniques and best practices. Shows how jQuery enables the user to adhere to these modern best practices with ease. The succeeding chapters discuss a specific part of jQuery development such as manipulating the DOM, working with Ajax, and adding slick animation effects through a tutorial-style learning approach that utilizes working examples to explore the concept. The book caps off by discussing popular ways of extending the core jQuery library with plugins and building web interfaces using jQuery UI.

Inside Apple Adam Lashinsky, 2012-01-25 A New York Times and Wall Street Journal bestseller goes behind the scenes of the tech giant that inspired a cult-like following for its products. If Apple is Silicon Valley's answer to Willy Wonka's Chocolate Factory, then author Adam Lashinsky provides readers with a golden ticket to step inside. In this primer on leadership and innovation, the author introduces readers to concepts like the DRI (Apple's practice of assigning a Directly Responsible Individual to every task) and the Top One Hundred, an annual ritual in which one hundred up-and-coming executives are tapped a la Skull Bones for a secret retreat with company founder Steve Jobs. Based on numerous interviews, *Inside Apple* offers exclusive information about how the company innovates, deals with its suppliers, and handles the transition into the Post-Jobs Era. Lashinsky, a former executive editor for *Fortune*, knows the subject cold. In a 2008 cover story for the magazine entitled "The Genius Behind Steve Could Operations Whiz Tim Cook Run the Company Someday," he predicted that Tim Cook, then an unknown, would eventually succeed Steve Jobs as CEO. While *Inside Apple* is ostensibly a deep dive into one unique company and its ecosystem of suppliers, investors, employees, and competitors, the lessons about Jobs' leadership, product design, and marketing are universal. They should appeal to anyone hoping to bring some of that Apple magic to their own company, career, or creative endeavor.

A revealing guided tour of Jobs' greatest creation, *San Francisco Chronicle*. With an Afterword on the Tim Cook era.

iPhone and iPad Apps Marketing Jeffrey Hughes, 2010-04-12 The Easy, Complete Step-by-Step Guide to Marketing Your iPhone and iPad Apps. There are huge profits to be made in selling iPhone and iPad apps. But with more than 180,000 apps now available, just getting your app into the App Store is no longer enough. You need to market it effectively. Don't know much about marketing? Don't worry. This book gives you all the tools you'll need. Top iPhone and iPad apps marketing consultant Jeffrey Hughes walks you through building a winning marketing plan, positioning highly competitive apps, choosing your message, building buzz, and connecting with people who'll actually buy your app. With plenty of examples and screen shots, this book makes iPhone and iPad apps marketing easy. You'll learn how to identify your app's unique value, target audience, and total message. Understand the App Store's dynamics and choose the right strategy to cut through clutter. Set the right price for your app. Get App Store and third-

party reviewers to recommend your apps Write effective press releases for your apps and time your publicity for maximum effectiveness Blog about your app and get the attention of influential bloggers Use Facebook Twitter and other social media to generate word of mouth buzz Use promotions and cross marketing just like professional marketers do Build an audience that will buy your next app too
