Application Form 2015 Ukzn:

ICEL 2018 13th International Conference on e-Learning Professor Eunice Ivala, 2018-07-05 *ICEL 2017 - Proceedings of the 12th International Conference on e-Learning* Laurie O. Campbell, Richard Hartshorn, 2017 **Health Research Governance in Africa** Cheluchi Onyemelukwe-Onuobia, 2018-09-06 The globalisation of research has resulted in the increased location of research involving humans in developing countries. Countries in Africa along with China and India have seen research grow significantly. With emerging infectious diseases such as Ebola and Zika emphasising the risk of public health crises throughout the world, a further increase in health research including clinical research in developing countries which are often the sites of these diseases becomes inevitable. This growth raises questions about domestic regulation and the governance of health research. This book presents a comprehensive and systemic view of the regulation of research involving humans in African countries. It employs case studies from four countries in which research activities continue to rise and which have taken steps to regulate health research activity: South Africa, Nigeria, Kenya, and Egypt. The book examines the historical and political contexts of these governance efforts. It describes the research context, some of the research taking place, and the current challenges. It also looks at the governance mechanisms ranging from domestic ethical guidelines to legal frameworks, the strengthening of existing regulatory agencies, to the role of professional regulatory bodies. The book analyses the adequacy of current governance arrangements within African countries and puts forward recommendations to improve the emerging governance systems for health research in African and other developing countries. It will be a valuable resource for academics, researchers, practitioners, and policy makers working in the areas of health research, biomedical ethics, health law, and regulation in developing countries. The conference was due to be held at University of Chester UK but due to the global Covid-19 pandemic it was moved online to be held as a virtual event.
