The Skeptics' Guide to the Future Dr. Steven Novella,2022-09-27 From the bestselling authors and hosts of The Skeptics Guide to the Universe a high tech roadmap of the future in their beloved voice cracking open the follies of futurists past and how technology will profoundly change our world redefining what it means to be human Our predictions of the future are a wild fantasy inextricably linked to our present hopes and fears biases and ignorance Whether they be the outlandish leaps predicted in the 1920s like multi purpose utility belts with climate control capabilities and planes the size of luxury cruise ships or the forecasts of the 60s which didn't anticipate the sexual revolution or women's liberation the path to the present is littered with failed predictions and incorrect estimations The best we can do is try to absorb the lessons from futurism's checkered past perhaps learning to do a little better In THE SKEPTICS GUIDE TO THE FUTURE Steven Novella and his co authors build upon the work of futurists of the past by examining what they got right what they got wrong and how they came to those conclusions By exploring the pitfalls of each era they give their own speculations about the distant future transformed by unbelievable technology ranging from genetic manipulation to artificial intelligence and quantum computing Applying their trademark skepticism they carefully extrapolate upon each scientific development leaving no stone unturned as they lay out a vision for the future

A Spy Like Me Kim Sherwood, 2024-04-23 An elite team of MI6 agents must go undercover to unravel a smuggling network funding violent terror in the second thrilling adventure in the acclaimed Double O series by Kim Sherwood. James Bond is alive. Or at least he was when he left a clue at the black site where the insidious private military company Rattenfänger held him captive. MI6 cannot spare any more lives attempting to track down one missing agent, no exceptions even for Bond. But Johanna Harwood 003 has her own agenda. Sidelined by her superiors while she grieves the loss of a loved one, Harwood goes on an unsanctioned mission to find 007. Meanwhile, MI6 has another problem. A bomb has detonated in London. Double O agents on the trail of the terrorists responsible acted quickly to prevent mass destruction and save lives. But MI6 failed to neutralize the nation's enemies before they could strike and one of their own was seriously injured in the blast. They won't fail again. Assigned to root out the source of the terrorists' funding, Joseph Dryden 004 and Conrad Harthrop Vane 000 enter the field. Tracing clues from Sotheby's auction house to Crete to Venice, they uncover a money laundering scheme involving diamonds, black market antiquities, and human trafficking. Once a major sale is made, a six-day countdown to the next terror attack begins. As the Double O's follow the twisting trail, they find themselves unexpectedly inching closer to Bond.

The Phoenix Encounter Method: Lead Like Your Business Is on Fire! Ian C. Woodward, V. "Paddy" Padmanabhan, Sameer Hasija, Ram Charan, 2020-10-27 A radical new leadership strategy to transform business as we know it from a dream team of INSEAD professors and mega bestselling author Ram Charan. The business landscape is littered with the wreckage of companies that crashed and burned when an apocalypse came in the shape of new competitive technologies, upstart entrants, demographic shifts, and new world orders. Who can feel safe in firestorm change? The authors of *The Phoenix Encounter Method* don't advise safety. In fact, their method of leadership thinking requires you to imagine burning your business to the ground, throwing yourself into a firestorm change, and turning the upheaval to your organization's advantage. It can then rise phoenix-like from the ashes stronger and more powerful than ever. Written with a sense of urgency and purposefully radical provocation, *The Phoenix Encounter Method* represents the forward-thinking of legendary business guru Ram Charan and professors from the senior global leadership program of INSEAD, one of the world's top graduate business schools. The resulting methodology, based on analysis of thousands of articles, studies, reports, and academic and business practice, was field tested in real life. *Phoenix Encounters* conducted with more than fifteen hundred senior executives from startups and family businesses to legacy companies representing a broad range of industry and sectors in both developed and developing economies. Whatever your sector or industry, if you're responsible for your organization's ability to use change as a transformative opportunity, you'll appreciate the dramatic impact *The Phoenix Encounter Method* will have on you, your leadership, and your organization.
