The techniques detailed include standard loop, kinky branch, and several twisted spiral fringe styles. There are 30 projects for beaders to hone their skills while creating beautiful beadwork. Dazzling Beaded Jewelry Jackie Guerra, Kyle Crowner, 2006 Beaded jewelry is taking the craft world by storm, and so is Jackie Guerra. She makes the art of creating fun and easy. With her help, plus these amazingly simple techniques, anyone can achieve attractive results quickly. So get out that spool of wire and start mastering such basic skills as stringing and weaving. There's nothing complicated at all, so even beginners can make the 50 fabulous designer projects. Each item showcases a particular style or technique and originally made its debut on DIY Network's Jewelry Making show. From necklaces and chokers to bracelets and earrings, there's a treasure trove on these splendidly illustrated pages which guide the crafter carefully through the process. Tips for customizing and adapting the designs are included. Jackie Guerra is well known as an actress, stand-up comic, and motivational speaker. Her acting credits include an ongoing role on the drama *American Family*, a sitcom series on the WB network, and roles in major motion pictures with Woody Allen and Jennifer Lopez. Making Designer Seed Bead, Stone, and Crystal Jewelry Tammy Powley, 2006 Weaving tiny glass seed beads into jewelry is an ancient form of jewelry making dating back to early Native Americans and prehistoric African tribes. Today seed beading, also known as bead weaving, is extremely popular. By combining traditional seed bead techniques with a variety of other jewelry methods, jewelry makers can dramatically expand the type of seed bead jewelry they make. From learning established seed bead stitches to mastering a few simple wire and stringing steps, this book shows beginners through advanced bead weavers how to make seed bead jewelry with a designer flair. Beginners will find enough detailed instructions to help them get started with the craft, while more advanced jewelry makers will find it helpful because it will provide new ideas for using stitches in different ways, allowing them to incorporate stone and crystal beads instead of using seed beads alone for their jewelry designs. The author takes the reader on a tour of bead weaving, including providing information about the different kinds of seed beads, including sizes and types, plus descriptions of the various supplies needed. She doesn't limit her discussion to only two types of stitches but provides instructions for ten different stitches before delving into the how-tos for ten different breathtaking jewelry projects, including diamond coral and
