sometimes just agreeing to ignore each other's slightly irritating quirks this book is a celebration of the messy wonderful and unpredictable nature of love that lasts Because happily ever after isn't perfect it's just two people trying to figure it out with a few mood swings along the way *Beautifully Imperfect* Craig Beck, 2017-04-22 There is an illusion propagated by Hollywood and the media that other people have somehow worked out this life thing better than us Look around the people you work with and you will see individuals who seem unshakable brimming over with self esteem and personal power But how do you know it is what it first appears Even the strongest and most successful people have deeply negative self talk that they keep hidden under a protective outward facing veneer No matter what you currently believe about yourself you can be assured that there are other people out there who look at you and wish they had some facet of your personality Whether that's your confidence your appearance your attitude or any number of great things you almost certainly overlook Do you feel like people don't know the real you Do you worry that if they only knew how much worry and doubt you have inside your head they would see you differently Do you feel a lot weaker on the inside than people believe you to be on the outside If this book feels like it was written just for you there is a good reason Most people are nowhere near as comfortable with themselves as they first appear Some people doubt their intelligence the way they look or even their own thoughts The truth is despite what the media says perfection doesn't exist and that's okay More than that it's a perfectly beautiful truth of humanity This book will show you how to embrace and then permanently release your inner demons Stripping away all the self limiting beliefs that have up until now prevented you from living the life of your dreams The secrets of this book will once and for all allow you to accept the real you I will show you how to fall in love with yourself exactly as you are now You will learn how to Overcome self doubt Value yourself correctly Stop worrying and start living Remove negative influences from your life Find your true calling Enjoy beautiful loving and secure relationships And much more www.CraigBeck.com
