Asian blood share a sensitivity to both parties concerns and a forbidden attraction that is causing them professional and personal problems. They've broken the unwritten law that partners should never get emotionally involved. Having crossed that line, Emmett and Anna are too distracted by each other to see the escalating suspicion and fear around them when a young tribal anthropologist is swallowed by the misty night and within hours of her disappearance the fossil hunter who discovered the skeleton is found disemboweled. The Warm Springs Indians insist that the unburied bones of the Ancient One have been turned into a skep, a murderous spirit that haunts the darkness. As winter closes in on the steppes of the Columbia Plateau, accusations of ritualized murder fly between the Indian and white communities and the fight turns deadly when a second skeleton is unearthed. In the midst of the turmoil, Emmett and Anna are paralyzed by their own demons. This estrangement could prove deadly if they stop watching each other's backs long enough for a killer to target them too. And at the center of it all are the Ancient Ones exacting a terrible price as the dark path to resolution runs a gauntlet through the boneyards of prehistory.
