The Master Plant Andrew Russell,Elizabeth Rahman,2020-06-03 Described as a master plant by many indigenous groups in lowland South America tobacco is an essential part of shamanic ritual as well as a source of everyday health wellbeing and community In sharp contrast to the condemnation of the tobacco industry and its place in contemporary public health discourse the book considers tobacco in a more nuanced light as an agent both of enlightenment and destruction Exploring the role of tobacco in the lives of indigenous peoples The Master Plant offers an important and unique contribution to this field of study through its focus on lowland South America the historical source region of this controversial plant yet rarely discussed in recent scholarship The ten chapters in this collection bring together ethnographic accounts key developments in anthropological theory and emergent public health responses to indigenous tobacco use Moving from a historical study of tobacco usage covering the initial domestication of wild varieties and its value as a commodity in colonial times to an examination of the transcendent properties of tobacco and the magic symbolism and healing properties associated with it the authors present wide ranging perspectives on the history and cultural significance of this important plant The final part of the book examines the changing landscape of tobacco use in these communities today set against the backdrop of the increasing power of the national and transnational tobacco industry The first critical overview of tobacco and its uses across lowland South America this book encourages new ways of thinking about the problems of commercially exploited tobacco both within and beyond this source region **Honey and Salt** Carl Sandburg,1963 **Flavors from the Farm** Emma Hearst,2024-04-30 Harnessing the growing trend of hobby farms farmettes community plots and home gardens Emma Hearst sets out to simplify the complex world of growing and utilizing seasonal produce in this farm fresh cookbook From choosing seeds to making use of microseasons to creating quick and vibrant meals Fresh from the Kitchen Garden encourages home cooks to maximize the flavor of home grown vegetables fruits and more along with and choice farmers market selections The ingredient driven recipes include easy vegetal soups with beans and peas crisp salads with shoots and microgreens small plates with juicy tomatoes and eggplants and other healthy just harvested produce Managing a 60 acre farm with over 250 varieties of vegetables fruit flowers and herbs in the middle of the sprawling suburban neighborhoods of New York Hearst a former chef and James Beard award finalist is uniquely positioned to impart her wisdom to an ever expanding base of home cooks looking to take charge of their food Malebranche: The Search After Truth Nicolas
