The Wellness Trap Christy Harrison,2023-04-25 AS SEEN ON CBS MORNINGS THE NEW YORK TIMES THE CUT AND MORE SELF MAGAZINE S 1 WELLNESS BOOK OF 2023 A NEXT BIG IDEA CLUB MUST READ BOOK FOR APRIL 2023 A searing critique of modern wellness culture and how it stands in the way of true well being that will change the way you

think about your health in all the best ways Casey Gueren It's not a diet it's a lifestyle You've probably heard this phrase from any number of people in the wellness space But as Christy Harrison reveals in her latest book wellness culture promotes a standard of health that is often both unattainable and deeply harmful Many people with chronic illness understandably feel dismissed or abandoned by the healthcare system and find solace in alternative medicine as Harrison once did Yet the wellness industry promotes practices that often cause even more damage than the conventional approaches they're meant to replace From the lack of pre market safety testing on herbal and dietary supplements to the unfounded claims made by many wellness influencers and functional medicine providers to the social media algorithms driving users down rabbit holes of wellness mis and disinformation it can often feel like no one is looking out for us in the face of the 4.4 trillion global wellness industry The Wellness Trap delves into the persistent systemic problems with that industry offering insight into its troubling pattern of cultural appropriation and its destructive views on mental health and shedding light on how a growing distrust of conventional medicine has led ordinary people to turn their backs on science Weaving together history memoir reporting and practical advice Harrison illuminates the harms of wellness culture while re-imagining our society's relationship with well-being

Bringers of Order James N. Gilmore, 2025-02-04 Wearable technology including smartwatches biometric trackers and body cameras are often touted as helpful tools that record, produce, and analyze data about daily life to improve our individual habits and health or to solve serious public issues In this book James N. Gilmore argues that these lofty promises mask forms of surveillance and power Charting the implementation of wearables in areas of accessibility, health, sports, labor, law enforcement, and infrastructure Gilmore demonstrates how these devices have been positioned as authoritative means for producing knowledge about human activity Drawing on news reporting, advertising, film, and television company reports, and legal policies, he shows how this knowledge production reproduces three distinct modes of power: normalcy, surveillance, and solutionism *Bringers of Order* empowers readers to examine the complicated ways our devices reshape how we think about our lives and our ethics and why we should resist companies analyzing our personal data

The Time We Have Michele Weldon, 2024-07-15 A candid and cathartic exploration of pandemic life from family to pop culture to healthcare and beyond At a time when so many are dealing with collective and personal grief, award-winning author and journalist Michele Weldon's new collection of essays navigates the revelatory and upending nature of this extraordinary pandemic era through a lens of love and connection Weldon explores pain and pleasure alike with emotional texture, empathy, wisdom, vulnerability, and humor She interrogates moments of joy, despair, and triumph, offering readers the possibility for a richly cathartic experience With honesty and agility, Weldon creates poignant intersections of her narrative with popular culture, history, media, news, consumerism, family traditions, and healthcare Employing honest and daring language, Weldon examines the concepts of safety, importance of beloved objects, power of words, shift to remote relationships, concepts of feminism, betrayal of public lies, and more Ultimately, with grace and heart, Weldon offers in these essays useful pathways toward framing this swath of time
