Apple in China Patrick McGee, 2025-05-13 THE NEW YORK TIMES BESTSELLER Absolutely riveting Peter Frankopan author of *The Silk Roads* Disturbing and enlightening Chris Miller author of *Chip War* Hugely important Rana Foroohar author of *Makers and Takers* A once in a generation read Robert D Kaplan author of *Waste Land* As Trump wages a tariff war with China seeking to boost domestic electronics manufacturing this book offers an unparalleled insight into why his strategy is embarrassingly naïve Apple isn't just a brand it's the world's most valuable company and creator of the 21st century's defining product The iPhone has revolutionized the way we live work and connect But Apple is now a victim of its own success caught in the middle of a new Cold War between two superpowers On the brink of bankruptcy in 1996 Apple adopted an outsourcing strategy By 2003 it was lured to China by the promise of affordable ubiquitous labour As the iPod and iPhone transformed Apple's fortunes their sophisticated production played a seminal role in financing training supervising and supplying Chinese manufacturers skills Beijing is now weaponizing against the West Investigative journalist Patrick McGee draws on 200 interviews with former Apple executives and engineers to reveal how Cupertino's choice to anchor its supply chain in China has increasingly made it vulnerable to the regime's whims Both an insider's historical account and a cautionary tale *Apple in China* is the first history of Apple to go beyond the biographies of its top executives and set the iPhone's global domination within an increasingly fraught geopolitical context *Developments in Technologies for Human-Centric Mobile Computing and Applications* Lumsden, Joanna, 2012-09-30 With recent expansions in technology mobile computing continues to play a vital role in all aspects of our lives Digital technology tools such as Web browsing media tracking social media and emailing have made mobile technology more than just a means of communication but has widespread use in business and social networks *Developments in Technologies for Human Centric Mobile Computing and Applications* is a comprehensive collection of knowledge and practice in the development of technologies in human centric mobile technology This book focuses on the developmental aspects of mobile technology bringing together researchers educators and practitioners to encourage readers to think outside of the box **Designing Retail Experience in the 21st Century** D.J. Huppertz, 2025-04-03 Covering 2001 to today *Designing Retail Experience in the 21st Century* presents readers with a critical cross disciplinary perspective on retail design bringing together scholarship from design architecture branding cultural studies and social studies Our retail experience has changed profoundly over the past two decades largely due to the impact of digital technologies While the rise of smartphones and online commerce threatened to displace bricks and mortar stores physical shopping has survived and in some cases thrived Today the most successful brands design experiences that engage customers both within the physical store and in the digital realm In this book D J Huppertz analyses how corporations design these experiences how we interact with them and how they align with broader social cultural and economic changes Eight case studies reveal how some of the largest global retail chains including Apple Amazon Nike Zara IKEA and LEGO and

smaller chains such as Aesop and Gentle Monster utilize design to create engaging experiences Unlike in the past such corporations consider design in a continuum that extends from architecture and interiors to product and service design and from website and digital interactions to social media At the intersection of design and cultural studies this book provides a critical survey and understanding of design and retail experience in the 21st century **Crayons and iPads** Debra Harwood, 2017-04-24 *Crayons and iPads* examines the use of digital technology in the early stages of child development and the way in which learning techniques have evolved in classrooms across the world Harwood explores how tablets can be used to provoke ignite and excite children's interest in the world around them performing as accessible learning and instructional tools and argues that it is through this engagement with technology that new discoveries are made and learning takes place Guiding readers through research based insights into children's thinking interactions and being *Crayons and iPads* offers an important starting point upon which to build play and inquiry based learning opportunities within early learning programs and will appeal to both educators and researchers across child development early years education and digital literacy
