Take Control of Your Passwords, 4th Edition Joe Kissell,2025-01-09 Overcome password frustration with Joe Kissell s expert advice Version 4.2 updated January 9 2025 Password overload has driven many of us to take dangerous shortcuts If you think ZombieCat12 is a secure password

that you can safely reuse a password or that no one would try to steal your password think again Overcome password frustration with expert advice from Joe Kissell Passwords have become a truly maddening aspect of modern life but with this book you can discover how the experts handle all manner of password situations including multi factor authentication that can protect you even if your password is hacked or stolen The book explains what makes a password secure and helps you create a strategy that includes using a password manager working with oddball security questions like What is your pet s favorite movie and making sure your passwords are always available when needed Joe helps you choose a password manager or switch to a better one in a chapter that discusses desirable features and describes nine different apps with a focus on those that work in macOS iOS Windows and Android The book also looks at how you can audit your passwords to keep them in tip top shape use two step verification and two factor authentication and deal with situations where a password manager can t help New in the Fourth Edition is complete coverage of passkeys which offer a way to log in without passwords and are rapidly gaining popularity but also come with a new set of challenges and complications The book also now says more about passcodes for mobile devices An appendix shows you how to help a friend or relative set up a reasonable password strategy if they re unable or unwilling to follow the recommended security steps and an extended explanation of password entropy is provided for those who want to consider the math behind passwords This book shows you exactly why Short passwords with upper and lowercase letters digits and punctuation are not strong enough You cannot turn a so so password into a great one by tacking a punctuation character and number on the end It is not safe to use the same password everywhere even if it s a great password A password is not immune to automated cracking because there s a delay between login attempts Even if you re an ordinary person without valuable data your account may still be hacked causing you problems You cannot manually devise random passwords that will defeat potential attackers Just because a password doesn t appear in a dictionary that does not necessarily mean that it s adequate It is not a smart idea to change your passwords every month Truthfully answering security questions like What is your mother s maiden name does not keep your data more secure Adding a character to a 10 character password does not make it 10% stronger Easy to remember passwords like correct horse battery staple will not solve all your password problems All password managers are not pretty much the same Passkeys are beginning to make inroads and may one day replace most but not all of your passwords Your passwords will not be safest if you never write them down and keep them only in your head But don t worry the book also teaches you a straightforward strategy for handling your passwords that will keep your data safe without driving you batty

The Top Books of the Year Apple Tv Remote Battery The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels enthralling the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have captivated audiences this year. Apple Tv Remote Battery : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
