only made Apple one of the most valuable companies in the world they've overturned entire industries from music and mobile phones to PCs and tablets But for someone who has changed the world as much as he has little is widely known about Apple's senior vice president of industrial design Unlike his former boss and creative partner Steve Jobs, Ive shuns the spotlight Naturally shy and soft spoken, he lets his work speak for itself and concerns himself only with his craft **Tim Cook** Leander Kahney, 2019-04-16 Journalist Leander Kahney reveals how CEO Tim Cook has led Apple to astronomical success after the death of Steve Jobs in 2011 The death of Steve Jobs left a gaping void at one of the most innovative companies of all time Jobs wasn't merely Apple's iconic founder and CEO; he was the living embodiment of a global megabrand It was hard to imagine that anyone could fill his shoes, especially not Tim Cook, the intensely private executive who many thought of as Apple's operations drone But seven years later, as journalist Leander Kahney reveals in this definitive book, things at Apple couldn't be better Its stock has nearly tripled, making it the world's first trillion-dollar company Under Cook's principled leadership, Apple is pushing hard into renewable energy, labor and environmentally friendly supply chains, user privacy and highly recyclable products From the massive growth of the iPhone to lesser-known victories like the Apple Watch, Cook is leading Apple to a new era of success Drawing on access with several Apple insiders, Kahney tells the inspiring story of how one man attempted to replace someone irreplaceable and through strong, humane leadership, supply chain savvy and a commitment to his values succeeded more than anyone had thought possible Cambridge English Empower Upper Intermediate Student's Book Adrian Doff, Craig Thaine, Herbert Puchta, Jeff Stranks, Peter Lewis-Jones, 2015-02-12 Cambridge English Empower is a general adult course that combines course content from Cambridge University Press with validated assessment from the experts at Cambridge English Language Assessment The Upper Intermediate Student's Book gives learners an immediate sense of purpose and clear learning objectives It provides core grammar and vocabulary input alongside a mix of skills Speaking lessons offer a unique combination of functional language, pronunciation and conversation skills alongside video filmed in the real world Each unit ends with a consolidation of core language from the unit and focuses on writing within the context of a highly communicative mixed skills lesson This version of the Student's Book does not provide access to the video assessment package and online workbook A version with full online access is available separately **The Language of Cities** Deyan Sudjic, 2016 To make sense of a city, you need to know something about the people who live in it and the people who built it You need to ask how they did it and why Most of us now live in cities But what makes a city? Is it a place or an idea? How should we define the city as it evolves today? Deyan Sudjic, Director of the Design Museum, decodes the underlying forces that shape the urban spaces around us, from their buildings to their names, from the power of crowds to why being a Londoner, New Yorker or Muscovite can offer a sense of identity greater than any other **Apple's Design Guru** Scott A.
