Voltaire,1923 **Voltaire's Philosophical Dictionary** Voltaire,2020-04-04 The Philosophical Dictionary is one of the most lively amusing and various books of fact and illustration now in existence comprising information adapted to every taste and lines of study delivered with the wit animation and ease for which its gifted author was unrivalled There is scarcely a topic which has instructed or amused the world of letters which is not treated of not any part of the varied shores which bound with the ever revolving tide of human opinion left unexplored A senior magistrate of a French town had the misfortune to have a wife who was debauched by a priest before her marriage and who since covered herself with disgrace by public scandals he was so moderate as to leave her without noise This man about forty years old vigorous and of agreeable appearance needs a woman he is too scrupulous to seek to seduce another man s wife he fears intercourse with a public

woman or with a widow who would serve him as concubine In this disquieting and sad state he addresses to his Church a plea of which the following is a précis My wife is criminal and it is I who am punished Another woman is necessary as a comfort to my life to my virtue even and the sect of which I am a member refuses her to me it forbids me to marry an honest girl The civil laws of to day unfortunately founded on canon law deprive me of the rights of humanity The Church reduces me to seeking either the pleasures it reproves or the shameful compensations it condemns it tries to force me to be criminal

**Voltaire's Philosophical Dictionary** Voltaire, 2019-08-14 This book does not demand continuous reading but at whatever place one opens it one will find matter for reflection The most useful books are those of which readers themselves compose half they extend the thoughts of which the germ is presented to them they correct what seems defective to them and they fortify by their reflections what seems to them weak It is only really by enlightened people that this book can be read the ordinary man is not made for such knowledge philosophy will never be his lot Those who say that there are truths which must be hidden from the people need not be alarmed the people do not read they work six days of the week and on the seventh go to the inn In a word philosophical works are made only for philosophers and every honest man must try to be a philosopher without pluming himself on being one This alphabet is extracted from the most estimable works which are not commonly within the reach of the many and if the author does not always mention the sources of his information as being well enough known to the learned he must not be suspected of wishing to take the credit for other people's work because he himself preserves anonymity
