Mr. John Duffy
Acranon Masonry.
Re: Acranon Safety Improvements and Carrington School.
March 6, 2013

Dear John,

It is my pleasure to share with you my recent experiences with you and your company as you restructure Acranon Masonry.

In my work as Safety Director with KBE Building Corporation I have worked with Acranon on many projects over the past 10 years. Overall the safety performance in that time frame was average for the industry.

However, more recently it is very noticeable that Acranon's awareness to Safety has increased. This has been most evident by your performance at the Carrington School project.

My safety audits for Carrington School clearly show your companies dedication to safety on this project. Many of my reports for this project show no deficiencies for Acranon Masonry and in fact I have noted some of the positive things your company has done throughout. Acranon was the first subcontractor at this project to provide garbage barrels for their employees to help KBE maintain a clean jobsite. Due to the difficult scaffold set ups we were going to have at Carrington you sent your scaffold erector to an eight hour scaffold refresher before the project started. You scheduled pre-erection meetings for my department to sit with your group to go over how we would erect scaffold safely on this project. At one point you hired a scaffold consultant to help us decide the best way to install scaffold on what OSHA would consider a "steep roof". Your ability to abate compliance issues for me has been top notch as well.

Since you have joined the Acranon team John I definitely see the increased commitment to a safe working environment for your employees. Therefore, I would have no hesitation in recommending Acranon Masonry for future projects and I wish you all well as you continue to move the company forward with your professionalism. You may share this letter and I can be contacted at any time with any questions/comments.

Sincerely,

Adam Peters
