Builder's Essentials

Plan Reading & Material Takeoff

Wayne J. DelPico

A Complete Resource for Residential and Light Commercial Contractors – based on the latest construction materials and methods.

Learn how to:

- read and interpret building plans.
- create an accurate takeoff, using a complete set of working drawings.

Each chapter covers a major construction division, such as concrete, masonry and carpentry – and uses plans, details and tables to illustrate plan reading and takeoff procedures. A checklist for each material division helps ensure that nothing is left out of your takeoff.

Includes a complete set of plans, with a detailed materials takeoff, from foundations and framing to electrical, plumbing and finish work.

With over 160 illustrations, including residential and commercial construction details.

About the Author

Wayne J. DelPico is Vice President of the Mulligan Company, Inc., where he oversees residential and commercial development and building projects in southeastern Massachusetts. He has more than 25 years' experience in construction management and estimating, in projects throughout most of the United States. Mr. DelPico holds a degree in Civil Engineering from Northeastern University in Boston, where he teaches construction estimating and project management. He is the author of two other RSMeans publications and a lecturer on construction estimating topics.

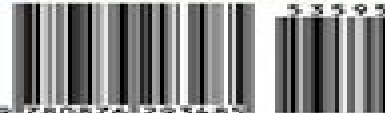

Some other titles in the Builder's Essentials series:

- Framing & Rough Carpentry (English and Spanish Editions)
