Structured approach to paediatric emergencies

Figure 1.1 Structured approach to paediatric emergencies

A structured approach to paediatric emergencies will enable children to manage emergencies in a logical and effective fashion and when encountering that that steps are not together may be sufficient in infrequent emergency situations (Figure 1.1). The steps are:

- Identification of life-threatening situations: closed or obstructed airway, absent or ineffective breathing, or absent pulse or shock requiring immediate interventions which comprise resuscitation
- Following resuscitation, looking for key features which support early working diagnosis
- Initiation of emergency treatment
- Reassessment and transfer to definitive care
