Henry,2013-03-29 This is the story of a dedicated father Thomas Stevens grew up as a farmers son in rural Nebraska He his three brothers and three sisters helped their parents around the farm as much as they could He loved the business aspect of farming more than the sweat and hard work and told of his desires at an early age to the displeasure of his father An understanding and loving man Thomas father would not insist that his children remain on the farm and assisted young Thomas in his pursuits Christmas was a special time for the Stevens household and the family made it a weeklong celebration within the old farmhouse Thomas became quite wealthy Through quirks of fate he met a woman in trouble named Emily Given Thomass upbringing he quickly came to her aid and soon fell in love with her Thomass selflessness and kindness toward others impressed Emily and she learned quickly that Thomas was the man she had always hoped to meet Together they had a child named Sarah Sarah provided much love and laughter in their happy household and

Thomas could see that Sarah possessed a level of kindness and caring that angels might envy. All seemed perfect until one day a simple trip to the grocery store and an out of control car hit Emily's car head on and took her life. Thomas was devastated but he had Sarah and his family to help him pull through the terrible trauma and devastating grief. Years went by until another accident sent Thomas again into a depression that lasted much of the remainder of his life. Thomas, young Sarah and two of Sarah's cousins got into Thomas's car. He inadvertently neglected to lock Sarah securely into her seat belt and a head on accident sent his beautiful twelve year old daughter through the windshield paralyzing her for life. Thomas vowed to make things right but Sarah harbored a lifetime of resentment and bitter hatred toward her father and eliminated him from her life. Thomas tried everything to regain her love but nothing he did would restore her trust or rekindle their loving relationship. He set out on an incredible journey that reaped him astonishing successes in his business world but one fraught with heart wrenching depths into dementia, loss, prison and despair all for the sole purpose of restoring his and Sarah's relationship and life together as a family. He was a father first and that was the only success he sought. He did not care how long it took or the depths to which he had to sink to get there. He was determined to restore his daughter's affections even though she was oblivious to her father's good deeds. They lived a lifetime apart with Sarah not knowing or caring how much she meant to Thomas and how much her absence from his life had devastated him.

**Becoming A Stepfamily** Patricia L. Papernow, 2015-07-17. What determines whether stepfamilies remain together? What helps stepfamilies overcome the difficulties of remarriage and become mutually supportive family units? How can mental health professionals better support this development? This book brings both clarity and depth to the unique and complex dynamics of remarried families. Patricia Papernow draws on interviews with over 100 stepfamily members, up to date research, a solid theoretical framework and an empathic clinical sensibility to present an insightful model of stepfamily development: the Stepfamily Cycle. This detailed account of the stages of forming a lasting cohesive group is richly illustrated by stepfamily members' own stories. *Becoming a Stepfamily* describes the developmental challenges involved in building nourishing, reliable relationships between stepparents and stepchildren in the newly married couple and between different family groups who must learn to live together in a remarried family. Papernow discusses the factors that influence the pace and ease of development and she provides four full length case studies illustrating the varied paths through the stepfamily cycle to the successful remarried life. The author offers therapists, clergy, school personnel and others involved with stepfamilies a range of effective interventions including preventive, educational and clinical approaches. She provides practical guidance for helping family members deal constructively with the differing attachments of children to their biological parents and stepparents, assisting stepparents as they cope with feeling excluded from the powerful biological
