Alternative Science Richard Milton,1996-05 This tour of the scientific frontier makes a strong case that the alternative science of today will be the hard science of the future      Awakening the Soul Bill Missett,2008-05-21 Awakening The Soul The Trilogy includes ATS Book One Proof of Our Spiritual Nature which itemizes more than 80 characteristics of our spiritual nature many very familiar and explains 10 of them in depth ATS Book 2 Our Suppressed Spiritual Nature which explains why we are so out of touch with our spiritual nature primarily through suppression of those traits by religions primarily Christianity and ATS Book 3 Restoring Your Spiritual Nature contains detailed channeled instructions to restore immediate awareness of your spiritual nature which has proven highly successful in doing just that      *Soul Theft* Bill Missett,2008-10-22 DO NOT BUY THIS BOOK IF YOU OWN THE Trilogy or ATS Book 2 its primary source This the fifth book in the Awakening The Soul series is the story of the discovery of the suppression of almost all the traits of our spiritual nature by those who should have been protecting and enhancing them By the time you get to the end of this book you will understand what Western Religions have done to the world This realization grew to the point where it became obvious this most vital information needed a wider more immediate audience for greater exposure than just to those actively seeking spiritual awakening These historically documented truths many presented here for the first time are something every contemporary Christian Jew and Muslim should know      **Awakening the Soul: Book 2** Bill Missett,2005-10-18 I am absolutely in awe of your book It is an extraordinarily important work It will I humbly suggest change many lives Joseph W Dunn Jr Editor A R E Press I believe Awakening the Soul Book 3 is the key to the 12th Step of Alcoholics Anonymous Susana K Oregon We all agree on the brilliance of this work Lisa Hagan literary agent Paraview Inc      Decline and Fall of All Evil Seymour Lessans,2015-09-01 Many theories as to how world peace could be achieved have been proposed yet war has once again taken its deadly toll in the 21st century The dream of peace has remained an unattainable goal until now The following pages reveal a scientific discovery regarding a psychological law of man s nature never before understood This finding was hidden so successfully behind layers and layers of dogma and misunderstanding that no one knew a deeper truth existed Once this natural law becomes a permanent condition of the environment it will allow mankind for the very first time to veer in a different direction preventing the never ending cycle of hurt and retaliation in human relations Although this discovery was borne out of philosophical thought it is factual not theoretical in nature      *Clashes of Knowledge* Peter Meusburger,Michael Welker,Edgar Wunder,2008-04-15 Do traditional distinctions between belief and knowledge still make sense How are differences between knowledge and belief understood in different cultural contexts This book explores conflicts between various types of knowledge especially between orthodox and heterodox knowledge systems ranging from religious fundamentalism to heresies within the scientific community itself Beyond addressing many fields in the academy the book discusses learned individuals interested in the often puzzling spatial and cultural disparities of knowledge and clashes
