The Bonobo and the Atheist: In Search of Humanism Among the Primates Henry Cabot Lodge (Jr.), Frans B. M. Waal, 2013-03-25 Moral behavior does not begin and end with religion but is in fact a product of evolution

The Bonobo and the Atheist Frans de Waal, 2013-03-18 In this lively and illuminating discussion of his landmark research esteemed primatologist Frans de Waal argues that human morality is not imposed from above but instead comes from within Moral behavior does not begin and end with religion but is in fact a product of evolution For many years de Waal has observed chimpanzees soothe distressed neighbors and bonobos share their food Now he delivers fascinating fresh evidence for the seeds of ethical behavior in primate societies that further cements the case for the biological origins of human fairness Interweaving vivid tales from the animal kingdom with thoughtful philosophical analysis de Waal seeks a bottom up explanation of morality that emphasizes our connection with animals In

doing so de Waal explores for the first time the implications of his work for our understanding of modern religion. Whatever the role of religious moral imperatives he sees it as a Johnny come lately role that emerged only as an addition to our natural instincts for cooperation and empathy. But unlike the dogmatic neo atheist of his book's title de Waal does not scorn religion per se. Instead he draws on the long tradition of humanism exemplified by the painter Hieronymus Bosch and asks reflective readers to consider these issues from a positive perspective. What role if any does religion play for a well functioning society today? And where can believers and nonbelievers alike find the inspiration to lead a good life? Rich with cultural references and anecdotes of primate behavior, *The Bonobo and the Atheist* engagingly builds a unique argument grounded in evolutionary biology and moral philosophy. Ever a pioneering thinker, de Waal delivers a heartening and inclusive new perspective on human nature and our struggle to find purpose in our lives.

Come Now, Let Us Reason Together Mark D. Friedman, 2024-12-30 This volume seeks to correct a widespread fundamental misconception about Judaism. Because the ultra Orthodox follow ancient Jewish traditions and strictly adhere to halakhah (Jewish law) it is commonly believed that the repressive rigidly hierarchical norms and social institutions that characterize their communities represent authentic Judaism. This view is profoundly mistaken. Judaism's true values are only ascertainable from its canonical books and in the discourse of the rabbis who reinvented Judaism after the destruction of the Second Temple in 70 CE, substituting prayer and textual study for temple sacrifice. The rabbis' legal debates, biblical interpretations, and fanciful stories are recorded in the Talmud and other classic sources and show that these religious leaders firmly reject dogmatism and embrace controversy, dissent, pluralism, moral autonomy, tolerance, and when required by changing social conditions, radical innovation. The Hebrew Bible is itself rife with intertextual disputes regarding crucial theological questions that preclude pat answers regarding what Judaism says or means. It seems that God has given us wide latitude to think for ourselves. As argued in this study, the Torah does not provide us with the ultimate truth but gives us the best and surest means of obtaining it.

Dion Dion DiMucci, Adam Jablin, 2025-01-14 Legendary Rock Hall of Fame innovator shares the most lasting influences on his remarkable life, a life that helped shape the last 60 years of rock and roll history. The book features a prologue by Eric Clapton and a foreword by Paul Simon. Dion DiMucci's journey through rock and roll history is as legendary as his hits. As the lead singer of Dion and the Belmonts in the late 1950s, Dion captured the heart of America with chart toppers like "Runaround Sue," "The Wanderer," and "A Teenager in Love." His later solo success with the profound "Abraham, Martin and John" in 1968 marked another high, contributing to his twelve gold records. Throughout the 1970s and 1980s, Dion explored folk blues and gospel, earning a Grammy nomination in 1985 and an induction into the Rock and Roll Hall of Fame in 1989 alongside icons like the Rolling Stones and Stevie Wonder. In this compelling collection, Dion shares intimate conversations with close friend Adam Jablin, reflecting on his rise to fame, battles with heroin addiction, a sixty-year marriage, and the influential figures in his music career, including Hank Williams and Bob Dylan.
