The Independent Filmmaker's Guide to the New Hollywood Gabriel Campisi, 2020-09-04 Netflix and its competitors like Disney, Amazon Prime and Hulu have brought unprecedented levels of entertainment to consumers everywhere, providing the richest, most abundant aggregate of motion pictures and cinematic television the world has ever seen. Behind the facade, however, things are not as pleasant. A very costly paradigm shift is underway, altering not only conventional business and finance models but also threatening long established avenues of entertainment such as movie theaters, traditional television and home video and wreaking havoc on independent filmmakers and veteran producers alike. This book attempts to make sense of ongoing economic and creative shifts of infrastructure and intellectual property to understand where the industry is headed and to distinguish which business models should be maintained and which ones should be left behind. Featuring exclusive interviews with some of the industry's most prolific filmmakers and executives, it dives into the trenches of Hollywood to provide readers with the knowledge necessary to rethink the business, see past the turmoil, recognize the new opportunities and take advantage of exciting new possibilities. Change sparks innovation and innovation brings about great opportunity but only for the well informed and prepared.

Summary of Dade Hayes's Binge Times

Everest Media, 2022-04-30T22:59:00Z Please note: This is a companion version, not the original book. Sample Book Insights. 1. The final season of fantasy TV series Game of Thrones was premiered at Radio City Music Hall in New York City. It was a send-off to the most-watched show in the history of HBO. 2. The Radio City premiere was a bittersweet affair as the company was undergoing a massive restructuring process. Richard Plepler, the company's longtime New York headquarters building's owner, had already packed his office and was about to leave the company. 3. John Stankey, the 57-year-old Eagle Scout who grew up in Southern California, was in charge of restructuring HBO and breaking down the silos that made Time Warner a collection of largely autonomous nation states. He also wanted to take on his greatest enemy on its own turf, Netflix. 4. Standing in the Radio City lobby, Stankey looked relaxed in an unbuttoned blue oxford dress shirt. He ate small handfuls of popcorn from one of the red and white striped boxes being handed out to attendees.
