Microbial Communities in Amazonian Dark Earth Soils Analyzed by Culture-based and Molecular Approaches Brendan Edward Neill,2007 **Fugitive Knowledge** Andreas Beer,Gesa Mackenthun,2015 Encounters between cultures are also encounters between knowledge systems This volume brings together a number of case studies that explore how some knowledge in cultural contact zones becomes transient evanescent and ephemeral The essays examine various aspects of cultural especially colonial epistemic exchanges placing special emphasis on the fate of those knowledges that are not easily appropriated by or translated from one cultural sphere into another and thus remain at the margins of cross cultural exchanges In addition the imposition of colonial power is unthinkable without the strategic deployment and use of knowledge most colonial states including those of Germany in the Baltic and in West Africa were knowledge acquiring machines yet acquisition always includes rejection detainment and subjugation of recalcitrant epistemes Bringing together insights from various scholarly disciplines including literary studies history historical anthropology and political science the essays in this volume investigate how different or unfamiliar knowledge was and in some cases still is disarticulated by being belittled discredited and demonized But they also show the strategies of resilience deployed by subjugated and subaltern people the ways in which certain materials have escaped the colonality of knowledge how fragments and shards of other epistemologies remain inscribed in the polyphony and fuzziness of intercultural documents and archives **Journal of Anthropological Research** ,1973 Climates, Landscapes, and Civilizations Liviu Giosan,Dorian Q.
