Carefree War Ann Howard, 2015-06-05 During World War II Australia was under threat of invasion Could Australia be invaded by the Japanese Even with the heavy censorship by the government many certainly thought so Stunned families had followed the bombings and atrocities of war that were taking place in Europe and the nation was gripped by fear that the danger would soon be on their doorstep The Japanese appeared to be looming closer there were submarines in Sydney Harbour Japanese planes flying overhead and harassment on our coastline Australians were fearful for their safety Anxious parents made decisions to protect their children with or without government sanction Small children some just out of babyhood were sent away often unaccompanied by concerned parents to friends relatives or even strangers living in safer parts of the country Many had little comprehension of what was happening and thought they were going on a holiday to the country The history of these child evacuees in Australia remains largely hidden and their experiences untold Author Ann Howard who was evacuated with her mother from the UK during World War II is setting the records straight A combination of extensive research and the first hand stories of the evacuees captures the mood of the time and the social and political environment that they lived in **Ice Journey** Dave Morgan, 2010-08-01 **Ice Journey** is the biography of Vietnam veteran Dave Morgan whose long career in meteorology

culminated with a life changing expedition to Antarctica Like many of his fellow soldiers Dave tried to present a normal face to the world while battling Post Traumatic Stress Disorder It was a debilitating struggle that ultimately sparked a personal obsession to escape the bonds of average Australian society In his early fifties Dave turned to the seclusion and hardship of Antarctic research where postings to Macquarie Island Davis Station and a prized position at Casey Station finally forced him to face his fears deal with his PTSD and come to terms with his experiences as a soldier in Vietnam Dave carries his deeply buried demons from the jungles of Vietnam to the icy peaks of Antarctica his journey to the ice fulfilling a lifelong dream while making him feel safe for the first time in 30 years His experiences as an expeditioner on the starkly beautiful harsh and inhospitable ice was at once intoxicating and isolating providing the catalyst for Dave to finally face his fears It is an emotional journey that transports the reader from the terror of a young soldier fighting far away from home to exhilaration on the ice far from the rest of the world It is a story filled with vivid landscapes and humour before a shocking final twist that ends his final posting in heart wrenching fashion While the ghosts of Vietnam still exist inside Dave Ice Journey is an invitation to share in his experiences **You'll be Sorry** Ann Howard,2016-02-05 Honouring grandmothers and mothers in a superb account of women s participation in the Services during World War II and their ensuing battle for equal opportunity that set the foundation for the Women s Liberation Movement of the 70s
