Boomeritis A Novel That Will Set You Free:

Boomeritis Ken Wilber,2003-09-09 Ken Wilber's latest book is a daring departure from his previous writings a highly original work of fiction that combines brilliant scholarship with tongue in cheek storytelling to present the integral approach to human development that he expounded in more conventional terms in his recent *A Theory of Everything* The story of a na ve young grad student in computer science and his quest for meaning in a fragmented world provides the setting in which Wilber contrasts the alienated flatland of scientific materialism with the integral vision which embraces body mind soul and spirit in self culture and nature The book especially targets one of the most stubborn obstacles to realizing the integral vision a disease of egocentrism and narcissism that Wilber calls boomeritis because it seems to plague the baby boomer generation most of all Through a series of sparkling seminar lectures skillfully interwoven with the hero's misadventures in the realms of sex drugs and popular culture all of the major tenets of extreme postmodernism are criticized and exemplified including the author's having a bad case of boomeritis himself Parody intellectual slapstick and a mind twisting surprise ending unite to produce a highly entertaining summary of the work of cutting edge theorists in human development from around the world

The World's Fearlessness Teachings R. Michael Fisher,2010 *The World's Fearlessness Teachings* addresses the human fear problem in a truly unique and insightful way summarizing the teachings on fearlessness from around the world and throughout history The author then utilizes critical integral theory a la Wilber as an approach to categorize the developmental and evolutionary spectrum of fear management systems known thus far The author has spent twenty years researching the timely topic of fear and how to best manage and transform it From this experience he offers an educational healing vision to address the challenges of a dangerous 21st century Fear's empire has taken rule It is time to resist it using the best intelligence from both sacred and secular traditions as well as the transformational theories humanity has to offer Fisher maps out ten fear management systems that will benefit future positive leaders everywhere *Beyond the Bleep*

Alexandra Bruce,2005-09-01 *What the Bleep Do We Know* is the biggest New Age movie phenomenon EVER This outrageous film plunges you into a world where quantum uncertainty is demonstrated where neurological processes and perceptual shifts are engaged and lived by its protagonist where everything is alive and reality is changed by every thought *What the Bleep Do We Know* gives voice to the modern day radical souls of science bringing their genius to millions *What the Bleep Do We Know* says that science and spirituality are not different modes of thought but are in fact describing the same thing And it brings the power back to the individual man and woman as it demonstrates creation as the god like capacity of every individual In *Beyond the Bleep* Alexandra Bruce illuminates the personalities and teachings of the physicists neurologists anesthesiologists physicians spiritual teachers mystics and scholars in the film as well as the filmmakers helping the reader sort through their wilder and woollier theories with simple explanations of the cutting edge science on which they are based The phenomenon of the movie is only just beginning spreading outwards from the yoga studios and health food stores of the

Pacific Northwest across America and the world There is a huge demand for more information on the topics presented in the film Beyond the Bleep is the place to start **Introducing Ken Wilber** Lew Howard,2005-05-17 Ken Wilber's revolutionary thinking is beginning to shift the orientation of Western culture Wilber combines his knowledge as mystic scientist psychologist and philosopher to create comprehensive concepts for understanding our world and our place in it This integral approach is much needed in a world torn by conflicts of religion culture and ideology Lew Howard says I wrote this book to make the work of Ken Wilber accessible to the average person Wilber's integral understanding which is an interlocking whole is broken down into concepts that can be individually understood These understandings result in an integral conception of the Kosmos Wilber's insights revolutionized my spiritual practice and can do the same for you *Ken Wilber* Frank Visser,2003-09-11 The first comprehensive overview of the life and thought of the American philosopher Ken Wilber
