Alzheimers Tips You Should Know:

Alzheimer's Tips You Should Know A. V. Blackman, 2014-01-07 An estimated 5.2 million Americans of all ages have Alzheimer's disease in 2013. This includes an estimated 5 million people age 65 and older and approximately 200,000 individuals under age 65 who have younger onset Alzheimer's. Alzheimer's disease is a type of dementia that causes progressive mental deterioration that can occur in middle or old age. It causes problems with memory, thinking, and behavior, and the person may have difficulty remembering recent conversations, names, or events. They may also have impaired communication, disorientation, confusion, poor judgment, behavior changes, and eventually may have difficulty speaking, swallowing, and walking. These changes present special challenges for caregivers, families, and friends of persons with Alzheimer's Disease. Whether you have been caring for someone with Alzheimer's disease for many years or if your loved one has recently been diagnosed with the disease, or maybe you are a friend or relative of a caregiver, then this book will help you. It provides simple, practical tips to help make your life easier. In it, you will find tips on Activities. Whether the person is in the early, middle, or late stages of Alzheimer's Disease, there are still activities that they can continue to do in order to reduce boredom and to improve interaction between the caregivers and families and friends. Alzheimer's Proofing Your Home Safety must be a priority when caring for persons with the disease. In Alzheimer's Tips You Should Know, we will show you how to keep your loved one safe around the house, whether in the bathroom, kitchen, bedroom, or dining room. Bathing: One of the biggest challenges that caregivers face is at bath time. Facing aggression, resistance, and sometimes fear, many caregivers dread this time of the day. In this chapter, you will learn how to manage bath time and reduce the stress associated with this activity. Behaviors: Difficult behaviors such as aggression, verbal abuse, anger, and mental changes causing hallucinations and suspicious behavior are very often experienced by the person with Alzheimer's Disease. Mealtime: Learn how to handle mealtime, what utensils to use, how to get your loved one to eat more or eat less, and what to do if there is difficulty chewing and swallowing. Wandering: Six in 10 people with dementia will wander. A person with Alzheimer's may not remember his or her name or address and can become disoriented even in familiar places. Wandering among people with dementia is dangerous, but there are strategies and services to help prevent it. You will also find tips on communicating, dealing with the messy issues like spitting, playing with and smearing feces, travelling with someone who has Alzheimer's Disease, and several other issues related to the effects of Alzheimer's Disease.

Guide to Ministering to Alzheimer's Patients and Their Families Pat Otwell, 2008-05-19 Learn how to develop an effective Alzheimer's ministry. The Guide to Ministering to Alzheimer's Patients and Their Families examines the importance of spirituality in dealing with the everyday challenges of this mysterious disease. Not a how-to manual with step-by-step instructions or tried-and-true formulas, this unique book instead examines the essential elements of ministering to dementia patients based on the first-hand accounts of family members living through pain and uncertainty. The book explores the stages of Alzheimer's grief and guilt, available resources,

and implications of spiritual care for patients and families It is equally useful as a textbook for graduate and undergraduate work a reference for study groups and seminars and a primer for those with limited knowledge of the illness Ministers sometimes neglect Alzheimer s patients and their families because they feel they don t know what to say or do even though they want to be obedient and faithful servants in this specialized ministry The Guide to Ministering to Alzheimer s Patients and Their Families communicates the thoughts feelings and needs of those affected by the disease to help ministers feel more comfortable confident and competent as they develop a theological understanding of God Alzheimer s patients and their role in ministry The book also provides models for ministry role play scenarios a sample text for a care facility worship service a care facility memorial service and a funeral service for a Christian and a non Christian as well as a sample clergy seminar program on Alzheimer s ministry The Guide to Ministering to Alzheimer s Patients and Their Families examines common characteristics of early mild moderate and severe Alzheimer s general information about Alzheimer s ethical decision making support group ministry respite care religious rites faith issues heredity hospitalization of Alzheimer s patients long distance caregiving working with other clergy The Guide to Ministering to Alzheimer s Patients and Their Families also includes a special appendix of selections from the Scriptures This book is a unique resource for all Christians who desire to minister to those affected by Alzheimer s especially pastors priests chaplains pastoral counselors church leaders healthcare professionals and seminary students

Goethe, Martha E. Leatherman, 2009-08 Do you know someone with dementia? Are you seeking the best care for a loved one with Alzheimer's? Are you confused by the many options available for dementia care? Are you frustrated by broken promises and poor care? You are not alone. Using examples from actual experiences of families and those in long-term care settings, *The Insider's Guide to Dementia Care* strives to inform consumers about the growing crisis of dementia care in assisted living. The authors provide families with the knowledge and resources they need to stand up for the rights of their loved ones: the right to be treated with dignity and the right to be cared for by properly trained professionals. More importantly, the book serves to encourage and motivate readers to take direct action toward the goal of improved care. **Enhancing the Activities of**

Daily Living Laura Town, Karen Hoffman, Rachael Mann, 2020-04-03 Alzheimer's disease robs a person of their independence. Not knowing how to bathe, dress, and take care of yourself is stressful and frightening. For individuals with Alzheimer's disease, completing these basic daily tasks can be a difficult, frustrating process. For caregivers, knowing when and how to help your loved one complete these activities in a way that supports both their health and their independence is a struggle. This book discusses activities of daily living that commonly present difficulties for individuals with Alzheimer's disease. It also offers information about identifying your loved one's specific struggles and working through those challenges with them. The simple checklists in this book will help you learn how to assess your loved one's need for help with bathing and dressing and provide that help tactfully. Handle incontinence issues in a hygienic way that preserves your loved one's dignity. Communicate with your loved one in the early, middle, and late stages of the disease. Provide assistance with cooking, housekeeping, and other key tasks. Cope with behavioral changes like aggression and depression as the disease progresses. Through a combination of checklists and practical advice, this book helps you provide safe, encouraging care for your loved one while coping with the stress that accompanies caregiving.
