*How Documentaries Went Mainstream* Nora Stone, 2023 Since the 1960s documentary films have moved closer to the mainstream thanks to the popularity of rockumentaries association with the independent film movement support from public and cable television and the rise of streaming video services Documentary films have become reliable earners at the U S box office and ubiquitous on streaming platforms while historically they existed on the margins of mainstream media How do we explain the growing commercialization of documentary films and the conditions that fueled their transformation The growing commercialization of documentary film has not gone unnoticed but it has not been sufficiently explained Streaming and the growing interest in reality TV are usually offered as initial explanations whenever a documentary enters the cultural conversation or breaks a box office record but neither of those causes grapple with the overlapping causal mechanisms that commercialized documentary film *How Documentaries Went Mainstream* provides a more comprehensive and meaningful periodization of the commercialization of documentary film Although the commercial ascension of documentary films might seem meteoric it is the culmination of decades long efforts that have developed and fortified the audience for documentary features Author Nora Stone refines rough explanations of these efforts through a robust synoptic history of the market for documentary films using knowledge of film economics and the norms of industry discourse to tell a richer story This periodization will allow scholars to compare the commercialization of documentary film with other genres Drawing on archival documents industry trade journals and popular press and interviews with filmmakers and film distributors Stone illuminates how documentary features have become more plentiful popular and profitable than ever before

**The Oxford Handbook of American Documentary** Joshua Glick, Visiting Associate Professor of Film & Electronic Arts Joshua Glick, Patricia Aufderheide, University Professor in the School of Communication Patricia Aufderheide, 2025 Joshua Glick and Patricia Aufderheide Over the past twenty years documentaries have taken on an increasingly central place in American public life One measure of their importance is their commercial value Major media companies have moved aggressively to monetize documentary exploiting the form's relatively low budgets compared to fiction

**Sports Management in an Uncertain Environment** Bhaskar Basu, Michel Desbordes, Soumya Sarkar, 2023-06-27 This edited book delves into several aspects of sports and sports management from a vantage of uncertainty and turbulence unleashed initially by COVID 19 The book divided into three broad sections deals in strategy and governance of sports organizations use and evolution of technology in sports and sports consumption and media It starts from the backdrop of how sport assumed a new found importance in people's lives while reeling under several phases of pandemic induced lockdowns Consumers felt how integral sports was in their lives when there were no live games to watch and bond on Players leagues organizers and media are still recovering along with viewers as sports makes a tentative comeback in our lives COVID 19 was a precursor of the disruptions to come Both the supply and demand sides have taken note of those disturbances to prepare themselves for any such

potential derailments The organizations franchises athletes media health care logistics on sports have been reworking their strategies to keep coping with uncertainties On the other hand the consumers have transformed their sports consumption behavior over these two years aided by the enormous technological changes Such a backdrop paved the way for researchers to understand how the sports industry has dealt with this impact and has rediscovered itself to take its coveted spot This book is a snapshot of several global sports changes and how they continue to evolve in an increasingly turbulent and uncertain world It will be a rich resource not only for academics studying sports management but also event management organizations administrators and policymakers
