**The Best Service is No Service**

Bill Price, David Jaffé, 2011-09-14 In this groundbreaking book Bill Price and David Jaffé offer a new game changing approach showing how managers are taking the wrong path and are using the wrong metrics to measure customer service Customer service they assert is only needed when a company does something wrong eliminating the need for service is the best way to satisfy customers To be successful companies need to treat service as a data point of dysfunction and figure what they need to do to eliminate the demand The Best Service Is No Service outlines these seven principles to deliver the best service that ultimately leads to no service Eliminate dumb contacts Create engaging self service Be proactive Make it easy to contact your company Own the actions across the company Listen and act Deliver great service experiences

Supply Chain

Antonio Rizzi, 2022-05-07 The book examines the supply chain from different perspectives the physical structure which it is composed of actors roles infrastructures and processes the organizational structure of the people involved business functions and related interactions and integrations and the manifold flows that characterize it product flows information flows service flows and monetary flows For each of these dimensions the text thoroughly illustrates how to design and manage it aligning supply chain performance and competitive strategies through an integrated approach which is key to generate competitive advantage The book covers the different topics by combining a quantitative approach typical of engineering disciplines and adopted particularly in the operational parts with a qualitative approach which fits in the more strategic parts This combination makes the volume suitable for both under and post graduate students in industrial engineering and management as well as undergraduates or masters students confronting supply chain management from different cultural backgrounds Industry operators and practitioners can also find useful insights since it thoroughly describes industry best practices especially in the food and consumer goods fashion and apparel pharmaceutical and healthcare sectors stemming from author's real life experiences in these fields
