From Eden to Golgotha H. H. Charles, 2021-04-23 As is well known there are various versions of the Bible But what is perhaps more important to understand is that the various versions of the Bible are the result of the work of thousands of unknown and unknowable persons who worked over several millennia on the text of various written records in different languages Biblical authorities and scholars who have studied and interpreted these texts usually arrive at a consensus of a correct or nearly correct version of the biblical text Accepting that today's biblical texts result from studied consensus of the texts of the Bible From Eden to Golgotha offers interpretations and suggested understandings that challenge and or contradict standard and accepted interpretations Some examples Why did God select the Jews as his chosen people Is there a basis for the universal condemnation of sex Of divorce Did God conclude he made a mistake in creating mankind Having foretold millennia ago the fate of the Jewish people does history down to this day document his foretelling How much of Jesus examples and teachings have been ignored by those who today flaunt their Christianity Has G K Chesterton's insight that it's not that Christianity has been tried and failed It's that Christianity has never been tried been proven true
