The Year of Jubilee Church of Jesus Christ of Latter-Day Saints, 1897 **The Latter-Day Saints' Millennial Star**, 1907 **Semi-annual Conference of the Church of Jesus Christ of Latter-Day Saints** Church of Jesus Christ of Latter-Day Saints, 1897 **True Latter-Day Saints' Herald**, 1924 The family magazine of the Reorganized Church of Jesus Christ of Latter Day Saints ... Semi-annual Conference of the Church of Jesus Christ of Latter-day Saints Church of Jesus Christ of Latter-day Saints. Semiannual General Conference, 1897 Additional Studies in Mormonism and Masonry Samuel H. Goodwin, 1927 **Book of Abraham Apologetics** Dan Vogel, 2021-02-26 Said to have been dictated by Joseph Smith as a translation of an ancient Egyptian scroll purchased in Kirtland Ohio in 1835 the Book of Abraham may be Mormonism's most controversial scripture Decades of impassioned discussion began when about a dozen fragments of Smith's Egyptian papyri including a facsimile from the Book of Abraham were found in the New York Metropolitan Museum in 1966 The discovery solved a mystery about the origin of the Egyptian characters that appear in the various manuscript copies of the Book of Abraham from 1835 reproduced from one of the fragments Some LDS scholars devised arguments to explain what seemed to be clear evidence of Smith's inability to translate Egyptian In this book Dan Vogel not only highlights the problems with these apologetic arguments but explains the underlying source documents in revealing detail and clarity *Foundational Texts of Mormonism* Mark Ashurst-McGee, Robin Scott Jensen, Sharalyn D. Howcroft, 2018 Joseph Smith founding prophet and martyr of the Church of Jesus Christ of Latter day Saints personally wrote dictated or commissioned thousands of documents Among these are several highly significant sources that scholars have used over and over again in their attempts to reconstruct the founding era of Mormonism usually by focusing solely on content without a deep appreciation for how and why a document was produced This book offers case studies of the sources most often used by historians of the early Mormon experience Each chapter takes a particular document as its primary subject considering the production of a document as an historical event in itself with its own background purpose circumstances and consequences The documents are examined not merely as sources of information but as artifacts that reflect aspects of the general culture and particular circumstances in which they were created This book will help historians working in the founding era of Mormonism gain a more solid grounding in the period's documentary record by supplying important information on major primary sources **Official Report of the ...
