An Artist Of The Floating World:

An Artist of the Floating World Kazuo Ishiguro, 2012-09-05 From the winner of the Nobel Prize in Literature and author of the Booker Prize winning novel *The Remains of the Day* In the face of the misery in his homeland the artist Masuji Ono was unwilling to devote his art solely to the celebration of physical beauty Instead he put his work in the service of the imperialist movement that led Japan into World War II Now as the mature Ono struggles through the aftermath of that war his memories of his youth and of the floating world the nocturnal world of pleasure entertainment and drink offer him both escape and redemption even as they punish him for betraying his early promise Indicted by society for its defeat and reviled for his past aesthetics he relives the passage through his personal history that makes him both a hero and a coward but above all a human being
