U.S. Marine Corps Scout-sniper Peter R. Senich, 1993 The advent of jungle warfare in the South Pacific in 1942 opened an entirely new chapter in the art of fieldcraft and marksmanship for the U.S. Marine Corps. To eliminate the Japanese jungle fighter the Corps had to formulate innovative tactics even more efficient than those successfully implemented by the scouts, observers, and snipers of World War I. The Corps set about training and fielding a new breed of combat specialist, the U.S. Marine Corps scout sniper. Now, after more than two decades of research, Peter Senich has written what is undoubtedly the most thorough and accurate account ever of the training, equipment, and combat experiences of this important facet of the history of Marine Corps sniping. Contains rare combat and training photos of scout snipers in action.

The One-Round War Peter R. Senich, 1996 This book is a long-overdue account of and a well-deserved tribute to the Marine Corps sniper program in Vietnam. It documents the circumstances behind training and employment, the equipment chosen for use, the transition from the M700 sniping rifle to the M40A1, and the extreme effectiveness of the Vietnam era sniping effort overall.
