A Republic No More Jay Cost,2016-07-12

After the Constitutional Convention Benjamin Franklin was asked Well Doctor what have we got a Republic or a Monarchy Franklin s response A Republic if you can keep it This book argues we couldn t keep it A true republic privileges the common interest above the special interests To do this our Constitution established an elaborate system of checks and balances that disperses power among the branches of government which it places in conflict with one another The Framers believed that this would keep grasping covetous factions from acquiring enough power to dominate government Instead only the people would rule Proper institutional design is essential to this system Each branch must manage responsibly the powers it is granted as well as rebuke the other branches when they go astray This is where subsequent generations have run into trouble we have overloaded our government with more power than it can handle The Constitution s checks and balances have broken down because the institutions created in 1787 cannot exercise responsibly the powers of our sprawling immense twenty first century government The result is the triumph of special interests over the common interest James Madison called this factionalism We know it as political corruption Corruption today is so widespread that our government is not really a republic but rather a special interest democracy Everybody may participate yes but the contours of public policy depend not so much on the common good as on the push and pull of the various interest groups encamped in Washington DC

The

United States Catalog ,1925 American Trade Politics and Supplement I. M. Destler,2000-01-01 American Trade Politics is the most influential and widely read analysis of the US trade policymaking system In the third edition of this winner of the American Political Science Association s Gladys Kammerer award for the best book on US national policy Destler extends his original analysis to assess the politics of the extraordinarily contentious debates over NAFTA and the Uruguay Round He explains how free traders overcame the opposing forces represented by H Ross Perot Pat Buchanan and Ralph Nader to secure congressional approval for the two most important US trade agreements in the postwar period The liberal trade regime survived these latest challenges but Destler nevertheless argues that there is a need for reform of the policymaking system in the 1990s to advance US led free trade negotiations in the Western Hemisphere and the Asia Pacific as well as future rounds of global liberalization The supplement reexamines the landscape of trade politics It shows how trade advocates and labor and environmental skeptics differ significantly in both their substantive views and their political and organizational cultures The authors demonstrate how this new challenge differs from that of traditional trade protectionism likening it instead to the debate from a century ago over whether and how to regulate American capitalism for social

purposes The analysis leads to a set of recommendations aimed at constructive compromise and a new political foundation for US trade policy leadership **The United States Catalog** Mary Burnham,Carol Hurd,1928 **The New England Magazine** ,1914 American Trade Politics 4 Edition I.M.Destler, **Bookseller and the Stationery Trades' Journal** ,1887 The Literary Digest ,1914 The Northwestern Miller ,1913 *An Epitome of Leading Conveyancing and Equity Cases; ...
