Ameritopia The Unmaking Of America:

Ameritopia Mark R. Levin, 2012-09-18 Levin explores the philosophical basis of America's foundations and the crisis that the government faces today *Summary: Mark R. Levin Ameritopia* Quick Read Summary Books, 2014-02-15 In this summary of Mark R. Levin's book *Ameritopia: The Unmaking of America* you will discover how America's government has been slowly descending into tyranny using utopian tactics that serve to bring citizens under control until they are completely dependent upon the state for sustenance. The evidence for Levin's claims is presented in an engaging format beginning with the definition of utopia and ending with specific examples of how America has become a utopian state. Levin takes you back in history to show you other examples of utopia and how all of them eventually descended into tyranny. He also talks about what makes America unique and how the Founding Fathers intended the government to operate. Levin points out time and time again that the current governmental atmosphere is far from the original intentions which were based on the philosophies of John Locke and Charles de Montesquieu. Instead, Levin suggests the country is trending toward the ideal societies imagined by Plato, Thomas More, Thomas Hobbes, and even Karl Marx. However, Levin proves that these societies were anything but ideal by digging deeper into their power hungry intentions and oppressive practices. Using more evidence from the Constitution, Levin expertly contrasts today's American society with the Founding Fathers' purposeful inclusions and exclusions and then compares it to utopian ideals to illustrate how far from the Founders' original vision America has strayed.

American Marxism Mark R. Levin, 2021-07-13 1 NEW YORK TIMES BESTSELLER The seven time 1 New York Times bestselling author, Fox News star and radio host Mark R. Levin explains how the dangers he warned against in the timely yet timeless *David Limbaugh* author of *Jesus Is Risen* bestseller *Liberty and Tyranny* have come to pass. In 2009, Mark R. Levin galvanized conservatives with his unforgettable manifesto *Liberty and Tyranny* by providing a philosophical, historical, and practical framework for halting the liberal assault on Constitution-based values. That book was about standing at the precipice of progressivism's threat to our freedom, and now, over a decade later, we're fully over that precipice and paying the price. In *American Marxism*, Levin explains how the core elements of Marxist ideology are now pervasive in American society and culture, from our schools, the press, and corporations to Hollywood, the Democratic Party, and the Biden presidency, and how it is often cloaked in deceptive labels like progressivism, democratic socialism, social activism, and more. With his characteristic trenchant analysis, Levin digs into the psychology and tactics of these movements, the widespread brainwashing of students, the anti-American purposes of Critical Race Theory and the Green New Deal, and the escalation of repression and censorship to silence opposing voices and enforce conformity. Levin exposes many of the institutions, intellectuals, scholars, and activists who are leading this revolution and provides us with some answers and ideas on how to confront them. As Levin writes, "The counter-revolution to the American Revolution is in full force. And it can no longer be dismissed or ignored for it is devouring our society and culture, swirling around our everyday lives and ubiquitous in our politics, schools, media, and

entertainment And like before Levin seeks to rally the American people to defend their liberty *Marxismo norteamericano (American Marxism Spanish Edition)* Mark R.
