 Pump Operation Installation and Service curriculum It is geared towards professionals who already possess foundational  
 education and experience in heat pump systems and are looking to deepen their expertise in high performance heat pump  
 technology In this manual you will explore the latest advancements in heat pump technology focusing on performance  
 optimization energy efficiency as well as proper design and equipment selection This book is meant to equip you with the  
 knowledge and skills needed to work with the most sophisticated heat pump systems available today ensuring you are  
 prepared to meet the demands of modern HVAC environments By the end of this manual you will be able to confidently select  
 the most appropriate heat pump system providing superior efficiency and achieving the highest levels of comfort and  
 reliability Let s get started on advancing your career and enhancing your skill set with cutting edge insights into high  
 performance heat pump technology For those who are not yet Heat Pump Service Certified this course will serve as a  
 supplemental course to the Heat Pump Operation Installation and Service curriculum from ESCO Together these courses will  
 prepare you for the HVAC Excellence Heat Pump Service certification exam Passing this exam will also qualify you to be
