*Survive a Blizzard* Chris

Bowman,2016-08-01 Icy winds whip snow into whiteout conditions It s a blizzard These extreme winter storms can turn deadly if you re not prepared Bundle up and learn how to get ready for a blizzard and what to do if you get caught in one in this book for reluctant readers *The Children's Blizzard* David Laskin,2004 The gripping story of an epic prairie snowstorm that killed hundreds of newly arrived settlers and cast a shadow on the promise of the American frontier January 12 1888 began as an unseasonably warm morning across Nebraska the Dakotas and Minnesota the weather so mild that children walked to school without coats and gloves But that afternoon without warning the atmosphere suddenly violently changed One moment the air was calm the next the sky exploded in a raging chaos of horizontal snow and hurricane force winds Temperatures plunged as an unprecedeted cold front ripped through the center of the continent By Friday morning January 13 some five hundred people lay dead on the drifted prairie many of them children who had perished on their way home from country schools In a few terrifying hours the hopes of the pioneers had been blasted by the bitter realities of their harsh environment Recent immigrants from Germany Norway Denmark and the Ukraine learned that their free homestead was not a paradise but a hard unforgiving place governed by natural forces they neither understood nor controlled With the storm as its dramatic heartbreaking focal point The Children s Blizzard captures this pivotal moment in American history by tracing the stories of five families who were forever changed that day Drawing on family interviews and memoirs as well as hundreds of contemporary accounts David Laskin creates an intimate picture of the men women and children who made choices they would regret as long as they lived Here too is a meticulous account of the evolution of the storm and the vain struggle of government forecasters to track its progress The blizzard of January 12 1888 is still remembered on the prairie Children fled that day while their teachers screamed into the relentless roar Husbands staggered into the blinding wind in search of wives Fathers collapsed while trying to drag their children to safety In telling the story of this meteorological catastrophe the deadliest blizzard ever to hit the prairie states David Laskin has produced a masterful portrait of a tragic crucible in the settlement of the American heartland *Blizzard!* Jim Murphy,2001 Snow began falling over New York City on March 12 1888 All around town people struggled along slippery streets and sidewalks some seeking the warmth of their homes some to get to work or to care for the less fortunate and some to experience what they assumed would be the last little snowfall of one of the warmest winters on record What no one realized was that in a very few hours the wind and snow would bury the city in nearly 21 inches of snow and bring it to a ferocious standstill
