## **Amish Shield Of Faith:**

*A Faith Not Worth Fighting For* Tripp York, Justin Bronson Barringer, 2012-05-17 In *A Faith Not Worth Fighting For* editors Justin Bronson Barringer and Tripp York have assembled a number of essays by pastors activists and scholars in order to address the common questions and objections leveled against the Christian practice of nonviolence Assuming that the command to love one s enemies is at the heart of the Gospel these writers carefully faithfully and no doubt provocatively attempt to explain why the nonviolent path of Jesus is an integral aspect of Christian discipleship By addressing misconceptions about Christian pacifism as well as real life violent situations this book will surely challenge the reader s basic understanding of what it means to be a follower of Jesus Contributors include Andy Alexis Baker Justin Bronson Barringer Gregory A Boyd Robert Brimlow Lee C Camp Shane Claiborne John Dear Amy Laura Hall Stanley Hauerwas J Nelson Kraybill Ingrid E Lilly D Stephen Long Gerald W Schlabach Kara Slade C Rosalee Velloso Ewell Samuel Wells Tripp York *The Yoder Case* Shawn Francis Peters, 2003 In the late 1960s an Amish community considered state education detrimental to its own values When the state claimed truancy and took Jonas Yoder to court a legal battle of landmark proportions followed This volume is a complete and compelling account of the Yoder case **State of the Continent** John M. Fobanjong, 2018-11-28 What precisely is the state of the African continent today Depending on one s perspective the answer may either dwell on Africa s recent economic and political accomplishments or focus on the long standing single story of failure disaster and eternal dictatorships This book provides a nuanced forceful and balanced assessment of Africa s political and economic performance since independence While acknowledging Africa s tragic pitfalls dating to the transatlantic slave trade and colonialism *State of the Continent* skillfully argues that theories associated with the dependency school are no longer enough to explain the continent s failures in governance and economic performance For a continent so richly blessed and endowed with both human and material resources the blame for Africa s lackluster performance falls squarely on its leadership To get things right Nkrumah s vision of the primacy of the political kingdom must be prioritized whereupon economic gains shall predictably follow In lucid and persuasive prose this volume is an ideal book for scholars as well as students of international studies and African politics **The Abcs of Faith** Dorothy L. Immel, 2019-10-25 *The ABCs of faith* is a step by step guide to walking the Christian walk and living your life in a manner that demonstrates your faith through joy compassion and service This study provides examples both Biblical and real life of how each attribute looks and asks meaningful questions to help you consider how they apply to you *The Mennonite Quarterly Review* Harold Stauffer Bender, 2005 **State of the Continent** M. Fobanjong, 2018-12-29 What precisely is the state of the African continent today Depending on one s perspective the answer may either dwell on Africa s recent economic and political accomplishments or focus on the long standing single story of failure disaster and eternal dictatorships This book provides a nuanced forceful and balanced assessment of Africa s political and economic performance since independence While

acknowledging Africa's tragic pitfalls dating to the transatlantic slave trade and colonialism. State of the Continent skillfully argues that theories associated with the dependency school are no longer enough to explain the continent's failures in governance and economic performance. For a continent so richly blessed and endowed with both human and material resources, the blame for Africa's lackluster performance falls squarely on its leadership. To get things right, Nkrumah's vision of the primacy of the political kingdom must be prioritized; whereupon economic gains shall predictably follow. In lucid and persuasive prose, this volume is an ideal book for scholars as well as students of international studies and African politics.
