Worldviews and Christian Education W. Shipton,2013-08-14 Christ's instruction to his disciples was to witness to others about his plan of salvation This may be relatively easy when it involves our contemporaries and peers But when we are working with people from a different cultural background or belief system it can be difficult or seemingly impossible In Worldviews and Christian Education editors W A Shipton E Coetzee and R Takeuchi have brought together works by experts in cross cultural religious education The authors and editors have a wealth of personal experience in presenting the gospel to individuals with various worldviews that differ greatly from those held by Christians who take the Bible as authoritative They focus on the beliefs and issues associated with witnessing to seekers for truth coming from backgrounds as diverse as animism Buddhism Confucianism Hinduism Islam Marxism Taoism and postmodernism The emphasis is on educational settings but the sensitivities highlighted and lessons learned are applicable to situations outside this area Leaders pastors teachers and laypersons will find valuable conceptual models practical ideas and bibliographic references presented here Worldviews and Christian Education challenges all readers to be faithful to the biblical worldview and to approach everyone with sensitivity so that like the apostle Paul they may reach some The Meaty Truth Shushana Castle,Amy-Lee

with a global outline of Black history culture and life within the framework of the UK's National Curriculum. Each topic explored in this essential book provides teachers and teaching assistants with historical, geographic, and cultural context to build confidence when planning and teaching. Full lesson plans and printable worksheets are incorporated into each topic alongside tips to build future lessons in line with the themes explored. Volume II of this book explores the following parts: Part 1 guides teachers through planning and delivering lessons focused on Africa. Pupils will benefit from developing a diverse and accurate understanding of the changing nature of Africa throughout history, linking the continent's social history with its geographical features. Part 2, The Caribbean, builds upon the lesson plans of Part 1 to further highlight the interconnectedness of diaspora cultures in influencing the musical, visual, and religious practices of the Caribbean and Central America. Part 3 begins by addressing the incorrect assumption that the history of Black people in the Americas begins and ends with plantation slavery. Instead, this section proposes a range of in-depth lesson plans on the diverse histories, cultures, and experiences of Black people within the United States. Created by BLAM UK, this highly informative yet practical resource is an essential read for any teacher, teaching assistant, or senior leader who wishes to diversify their curriculum and address issues of Black representation within their school. It is published in two practical and comprehensive volumes. Volume 1 covers Britain and Europe, whilst Volume 2 includes Africa, the Americas, and the Caribbean. Each volume can be used individually for teaching, but when used together, they provide a truly global perspective on Black history and culture.
