Schall, S.J.,2013-09-04 The fact of pleasure is obvious to us but its relation to reason is less understood We are beings who laugh and run sing and dance but we too seldom reflect on why we do these things Above all we are beings who think and who want to know whether our lives make sense In this thought provoking study of the relationship between our reason and our experience of pleasure popular professor and author Fr James Schall shows how reason religion and pleasure are not in conflict with one another Religion has to do with how man relates to God Catholicism is not so much a religion as a revelation It records and recalls how God relates to man The popular mood of our time is that neither religion nor revelation has much to do with real life Yet when we look at things as having meaning and order they fit together in surprising ways This coherence should bring us joy and teach us how reason religion and pleasure can work together for our benefit Schall shows us in this book why we have many reasons to think that our lives make sense that our pleasures can be reasonable and our reason itself is a pleasure      **Concise Major 21st-Century Writers** Tracey L.
