**Sufism and Zen in the West** Saeko Yazaki,Michael Conway,2025-02-20 Historically and culturally Sufism and Zen may not seem to have anything in common However in the West their spiritual messages are often perceived as strikingly similar In this book scholars analyse the ways in which Sufism and Zen were introduced to and developed in the West The collection shows that the popularity of these religions arose not because of the substantive shared elements within the two traditions but because their promoters in the West employed similar strategies to respond to the interests of a modern Western audience The first book to make a close comparison of Sufism and Zen this study is an important contribution to understanding Western religious life and processes of easternisation It sheds new light on how Sufism and Zen came to represent a spirituality that is both countercultural and in touch with modern sensitivities     Competence in Social Work Practice Kieran O'Hagan,2007 Making a major advance in social work training this book illustrates social work competences by describing genuine cases real people and real contexts All identifying features have been changed to preserve confidentiality     *Islamic Review and Muslim India* ,1913     **The Spread of Islam in France** Michel Reeber,2001 Since the beginning of the 1980s France has witnessed intensive preaching activity in Muslim quarters Hitherto studies of Islamic preaching by the Muslim community that has settled in France for some decades has been rare This book tries to bring out the significance of this phenomenon of reislamization and mobilisation of the Muslim community in France It also analyses how the preaching of Islam is modified palpably as it evolves in the Western context     **Islam as it is** Saniyasnain

Khan,1994 This book serves as a brief introduction to the entire 114 chapters of the Quran It is a humble effort by the author to convey the essence of the Quran by presenting the contents of each of its surah or chapters in condensed form The focus throughout the book is on the spirit of the Quran on its message and its teachings and on the lessons that should be derived from it from our daily life Although the book is primarily intended for the general readers who are interested in studying the Quran it will also be found a useful too for Dawah **Islam and Christianity** Muhammad Amir Alam,1923 **Becoming Queer and Religious in Malaysia and Singapore** Sharon A. Bong,2020-04-02 What does it mean to become religiously queer or queerly religious in one s everyday life What narratives of becoming person emerge from these lived realities Sharon A Bong addresses these questions by exploring the personal journeys of several GLBTIQ Gay Lesbian Bisexual Transgender Intersex and Queer persons negotiating the tensions between living out their sexuality and religiosity in the context of Malaysia and Singapore By sharing their stories Bong presents a broad spectrum of queer strategies emerging from participants narratives of becoming which encompass becoming Asian becoming postcolonial becoming sexually religious and religiously sexual and becoming persons These strategies are used in the book as counterpoints to nationhood narratives of becoming Asian or postcolonial which are still mired in religious sponsored and colonial inherited sexual regulations Finally Bong shows how the insistence of identifying as both queer and religious is critical in challenging the conservative social political milieu surrounding issues of gender diversity and inclusion within these south east Asian states **...
