The Praeger International Handbook of Special Education Michael L. Wehmeyer, James R. Patton, 2017-06-15 This handbook provides a concise overview of special education services in countries across the world using the Article on Education in the United Nations Convention on the Rights of Persons with Disabilities as the analytical frame The Praeger International Handbook of Special Education presents a concise and clear overview of special education services in more than 70 countries across the world using the Article on Education in the United Nations Convention on the Rights of Persons with disabilities as the analytical frame Each chapter offers information about the country in general followed by sections on the public education system the private education system the special education system teacher training requirements and barriers to and promising trends in inclusive and special education The volumes and chapters are organized by the United Nations Geoscheme with Volume 1 including an overview of the volumes and chapters on countries in the Americas Volume 2 addressing countries from Europe and Africa and Volume 3 focusing on countries in Asia and Oceania This is the most complete exploration of the delivery of supports and services to children and youth with disabilities across the globe available The volumes do not compare among or between countries but rather provide a baseline for understanding current special education practices and their relationship with general education and inclusive practices across the globe Readers will come away with an in depth understanding of what is happening with regard to the implementation of special education services and Article 24 of the Convention for the Rights of People with Disabilities This valuable reference set serves researchers graduate students and policymakers in special and general education as well as professionals focused on issues of education worldwide and scholars focused on international special education As such this handbook will be an important reference source for university libraries professional associations and policy entities [Treatise on International Criminal Law](#) Kai Ambos, 2021-07-15 Since the adoption of the Rome Statute of the International Criminal Court in 1998 international criminal law has rapidly grown in importance This second edition of the first volume of an acclaimed three volume Treatise on International Criminal Law deals with the foundations and general part of international criminal law and general principles of international criminal justice Taking into account the scholarly literature not only sources written in English but also in French German Italian Portuguese and Spanish the book draws on the author's extensive academic work and practical experience in international criminal law This second edition of the authoritative volume has been completely revised updated and rewritten in some parts These comprehensive updates ensure that Kai Ambos Treatise remains an indispensable reference work for academics and practitioners of international criminal law [Financial Literacy Education](#) Jay Liebowitz, 2018-10-09 Today's graduates should be grounded in the basics of personal finance and possess the skills and knowledge necessary to make informed decisions and take responsibility for their own financial well being Faced with an array of complex financial services and sophisticated products many graduates lack the knowledge and skills to make rational

informed decisions on the use of their money and planning for future events such as retirement This book shows what you can do to improve financial literacy awareness and education It covers the use of interactive games and tutorials peer to peer mentoring and financial literacy contests in addition to more formal education It gives you a sample of approaches and experiences in the financial literacy arena Divided into three parts the book covers financial literacy education for grades K 12 college and post college

Atrial fibrillation: Insights on mechanisms, mapping and catheter ablation Sergio Conti, Atul Verma, Andrea Natale, Claudio Tondo, 2023-10-26

International Corporate Personhood Kevin Crow, 2021-05-17 This book tracks the phenomenon of international corporate personhood ICP in international law and explores many legal issues raised in its wake It sketches a theory of the ICP and encourages engagement with its amorphous legal nature through reimagination of international law beyond the State in service to humanity The book offers two primary contributions one descriptive and one normative The descriptive section of the book sketches a history of the emergence of the ICP and discusses existing analogical approaches to theorizing the corporation in international law It then turns to an analysis of the primary judicial decisions and international legal instruments that animate internationally a concept that began in U S domestic law The descriptive section concludes with a list of twenty two judge made and text made rights and privileges presently available to the ICP that are not available to other international legal personalities these are later categorized into active and passive rights The normative section of the book begins the shift from what is to what ought to be by sketching a theory of the ICP that unlike existing attempts to place the corporation in international legal theory does not rely on analogical reasoning Rather it adopts the Jessupian emphasis on human problems and encourages pragmatic solution oriented legal analysis and interpretation especially in arbitral tribunals and international courts where legal reasoning is frequently borrowed from domestic law and international treaty regimes It suggests that ICPs should have passive or procedural rights that cater to problems that can be characterized as universal but that international law should avoid universalizing active or substantive rights which ICPs can shape through agency The book concludes by identifying new trajectories in law relevant to the future and evolution of the ICP This book will be most useful to students and practitioners of international law but provides riveting material for anyone interested in understanding the phenomenon of international corporate personhood or the international law surrounding corporations more generally

Atrial Fibrillation: Selection of Management Strategy and Evaluation of Outcomes Rui Providencia, Serge Boveda, Teresa Strisciuglio, Alexandre

Almorad, 2024-09-13 Atrial fibrillation AF is an increasing arrhythmia disease its pathophysiology is the subject of many studies Rate and rhythm control along with stroke prophylaxis are the cornerstones of AF therapy With the recent evolution of techniques AF ablation is becoming the first therapeutic option in many centres worldwide Pulmonary vein isolation PVI for paroxysmal AF is now well established Additional methods are now rising with non PV trigger ablation such as drivers posterior wall isolation epicardial ablation Recognition of physiopathological signature for AF is the next challenge for all

rythmologists This will be achieved only by collecting different inputs such as imagery and mapping This Research Topic will focus on how to define a persistent AF ablation strategy and evaluate its outcome What is the role of pre ablation imagery MRI ultrasound CT in elaborating an AF ablation strategy Could post ablation imagery be a tool to evaluate the success of an ablation Furthermore the different and complex mechanisms initiating and maintaining AF are still under investigation leading to the absence of consensus for ablation treatment What are the roles played by the new mapping tools along with their algorithms regarding the outcome of ablation The recent development of new ablation technologies catheters such as Pulse Field Ablation and Radiofrequency balloon are bringing a lot of questions regarding long term results of PVI and non PV trigger ablation **Kutlwano** ,2014 Georgia Journal of International & Comparative Law ,2013 **Approved**
