The Best VBS Workbook Ever! Lisa Brown, 2017 Enables organizers to envision and implement a VBS program customized for the local church Practical comprehensive from the ground up approach to VBS Designing a Vacation Bible School program as opposed to choosing one of the many off the shelf packages is a labor of love It considers the unique perspective of children and invests accordingly It s a home cooked meal compared to fast food It sends a message to parents that a church values children enough to identify and meet their specific needs in their community at a particular moment in time Well designed VBS programs speak to children with respect love and patience offering opportunity for authentic spiritual growth not to mention an intentional theology that is reflective of the church Finally custom designed VBS programs are a way to fully include children in the mission and ministry of the church rather than confine their unique gifts This book provides Christian educators with the tools they need to assess the needs and resources in their congregation and to craft a creative program in response to that assessment The Best VBS Workbook Ever offers direction and suggestions on theme structure logistics program activities staffing and promotion Audience Episcopal and other mainline churches looking for something more original and thoughtful than typical pre packaged VBS programs Directors of Christian Education Directors of Children s Ministry Camps and Retreat Centers FORMA Kanuga Christian Education conference eFormation network
