The Basuto Hugh Ashton, 2018-08-16 Originally published in 1952 and as a second edition in 1967 this volume provides a systematic and comprehensive account of the Basuto people and their changing culture and reviews the developments and changes leading up to 1966 when Basutoland achieved independence as Lesotho. It describes in detail daily lives, the education and upbringing of children, initiation, marriage, economic activities and political developments within and outside the country. It includes a discussion of tribal and modern law and the workings of the courts and a study of the part played by magic and sorcery and an analysis of the motives leading to the outbreak of medicine murders in the 1940s. *Puisano ea Sesotho le se-English*, 1926 **Regulations and Syllabuses for the Junior Certificate Examination** Examinations Council of Lesotho, 1982 **Working Papers of the Cornell Phonetics Laboratory**, 1990 **Oral Tradition in Southern Africa** Ngwabi Bhebe, 2002 *The Basuto* Edmund Hugh Ashton, International African Institute, 1967 *Puisano Ea Sesotho Le Se-English*, 1944 *Summary of Events in Lesotho*, 2007 *Papers and Reports on Child Language Development*, 1990 **Papers in Comparative Studies**, 1996 **Agreement in Natural Language** Center for the Study of Language and Information (U.S.), 1988-07 Although grammatical agreement or concord is widespread in human languages, linguistic theorists have generally treated agreement phenomena as secondary or even marginal. All the papers in this volume, however, take agreement phenomena seriously as presenting either a general issue in theory construction or a descriptive problem in particular types of languages. The theoretical perspectives range from purportedly theory-neutral typological frameworks to assumptions about the validity of one or another current formal model. Further, the degree of generality ranges from a universalist nature of human language agenda to concern with one or another aspect of grammatical agreement or with agreement in a single language or language group. *The Routledge Handbook of Lexicography* Pedro A.
