**Attaining Your Desires** Genevieve Behrend,2017-01-30 If You Could Talk To The Greatest Master of This Century What Would You Ask The sages of the centuries each one tincturing their thought with their own soul essence have united in telling us that As a man thinketh in his heart so is he It has been established by the experience of the ages that always the law is the same But HOW shall one think in their heart so that only goodness may blossom and ripen into rich deed and rare result

What is the apparently mysterious secret by which life s dull metal is transmuted into precious mintage As Troward has said Thought is the only action of the mind By your habitual thoughts you create corresponding external physical conditions because you thereby create the nucleus which attracts to itself its own correspondence in due order until the finished work is manifested on the material plane Let us work together to this end G B from the Foreward Get Your Copy Now

Attaining Your Desires by Letting Your Subconscious Mind Work for You Genevieve Behrend,2017-08-09 Genevieve Behrend 1881 in Paris 1960 in

United States was a French born author and teacher of Mental Science a New Thought discipline created by Thomas Troward There is little known about her early life except that one of her parents was Scottish After her husband died she traveled extensively She studied Christian Science and met its founder Mary Baker Eddy but ultimately left that faith She met Abdul Baha whose father had founded Bahaiism and Abdul told her that she would travel the world over seeking the truth and when she had found it would speak it out 2 She later wrote in her book Your Invisible Power that she found a book of Thomas Troward s lectures Inspired by this she wanted to study with Troward but lacked the money to travel to Cornwall England where he lived as she was then living in New York So every night and morning she visualized counting out twenty 1 000 bills buying her ticket to London travelling on the ship and being accepted as Troward s pupil She also constantly affirmed to herself My mind is a center of Divine operations Then to quote her in Your Invisible Power While these reflections were going on in my mind there seemed to come up from within me the thought I am all the substance there is Then from

another channel in my brain the answer seemed to come Of course that s it everything must have its beginning in mind The I the Idea must be the only one and primary substance there is and this means money as well as everything else My mind accepted this idea and immediately all the tension of mind and body was relaxed In about six weeks she received the money From 1912 until 1914 she studied with Thomas Troward Behrend was the only personal student he had throughout his life

After her studies with Troward she founded a New Thought school called The School of the Builders in approximately 1915 in New York City running it herself until 1925 She then founded another New Thought school in Los Angeles after which she traveled throughout North America lecturing on mental science and New Thought for 35 years as well as giving radio broadcasts She is quoted as an expert in the best selling self help book The Secret by Rhonda Byrne

**Attaining Your Desires** Genevieve Behrend, 2017-08-09 Excerpt Making Your Subjective Mind Work for You The most potent force in the universe is the influence of the subconscious mind The proper training of the correlation between the subliminal and the objective faculties is the open sesame that unlocks the richest of all storehouses the faculty of remembering And with remembering there follows natural reflections vision knowledge culture and all that tends to make of man a God though in the germ Dr Edwin F Bowers Pupil The subject of the subjective mind greatly interests me I am sure that had I understood what you have said concerning it I would have realized that all that was necessary to obtain my desires was to think out exactly what I wanted consciously place it in my subjective mind and it would at once begin to attract ways and means for its corresponding physical or material fulfillment Sage Indeed the study of the subjective mind is an all absorbing subject I may be able to enlighten and help you to make working realities out of what now seems to be vague and even mysterious But it will rest entirely with you to put vitality into these suggestions and that can only be accomplished through using them Pupil You mean that by making practical use of your suggestions I will be able to attain practical results which will help not only myself but others also Sage That is the idea It has always seemed to me that the average person prefers the satisfaction of giving to another what he requires rather than helping or teaching him how to attract the desired things to himself which would give him in addition a feeling of assurance and liberty You would unquestionably enjoy giving to others and the recipient would likewise enjoy receiving but as a rule it tends to pauperize the spirit of independence Pupil If I were to put into my subconscious mind a definite idea that all people have the same power in their subconscious minds to attract to themselves the things they desire through their own efforts would that thought

register in their subconscious minds Sage That would be the intelligent way of impersonally helping others to connect with their limitless supply Pupil You have told me before that there was a definite way of impressing the subconscious mind with a particular thought Would you mind explaining this again Get into the Spirit of Your Desire Sage The process is quite different from that of retaining an idea in the so called intellectual mind It is necessary above all else to get into the spirit of your desire and an effort to feel relaxed and confident will help you to do this The spirit of a thing is that which is the source of its inherent movement For example if you wish to impress your subconscious mind with the sense of contentment you must meditate on the quality of contentment See how that affects you If in response to your meditation you feel relaxed and confident you may be sure that your subconscious mind has been impressed with that thought This is getting into the spirit of contentment not because of certain physical reasons but because of your recognition of life's action in you in this specific direction You have the whole of Universal Mind to draw from There is no limit to the creative power of your subjective mind once you have impressed it with your intention This example applies to everything great or small

provides you with everything you need to know and do to achieve your ideal or vision. Here Brown Landone shows you How it takes just five minutes a day to make you super efficient. How to change a weak will into a strong will. How to form an ideal which will come true. In this book one thought deserves more than passing mention. During the centuries philosophers have sought the basis of the soul's faith in the unity of all things. Clearly to present that basis of unity is now I know Brown Landone's one great life aim. He may or may not succeed in making the world conscious of this unity but at least the attempt in *The Spirit of Matter* comes nearer making us know that the spiritual and material world are one than anything written previously. With such a consciousness of the unity of all things of spirit and of matter the faith is strong and the way is clear to make our ideals come true. Edgar H. Felix *What Desires Can You Make Come True* *Can You Yourself Make Your Ideals Become Realities* Everyone wants abundance abundance of all things. Every desire is the heart of some ideal. Your desires always come true. Your wishes seldom do they die by consuming themselves in forever wishing wishes. A desire with a body or an ideal with a heart always becomes a reality. Every desire is the heart center of some ideal that is either revealed to consciousness and understood or hidden in the ultra consciousness and misunderstood. The ideal is the active body of the desire. Do not expect your desire to come true unless you give it a body. Construct an ideal that gives substance to each desire. Make the ideal active endow it with the process of attainment. Then it will become a reality. It will come true. 1. Preface. The Man Who Worked Out The Process. 2.
