the Ultimatum Game** Kayoko Kobayashi, 2025-03-03 This ambitious book is the first to present a theoretical framework for
a unified analysis of both behavioral and traditional economics It explores the ultimate factors from an evolutionary
perspective in addressing why humans are predictably irrational and proposes adaptive rationality a new direction for
understanding human behavior Taking anomalies in ultimatum game experiments as a starting point this book presents
findings from hundreds of experiments The interdisciplinary nature of the book which encompasses the latest research
across an astonishingly wide range of fields including game theory psychology neuroscience cognitive science cultural
anthropology biology and ethology provides boundless intellectual excitement While this is an academic book discussing
human rationality it can also be seen as a popular science book that delves deeply into questions such as What underlies
human decision making The book stands out for its unique approach making it an unparalleled reading experience The
