Wackerly,Sarah Zingales,Michael Wentzel,Gautam Bhattacharyya,Brett McCollum,2025-03-25 This Research Topic has three  
main goals 1 provide a platform for instructors of organic chemistry to showcase evidence based methods and educational  
theories they have utilized in their classrooms 2 build new and strengthen existing connections between educational  
researchers and practitioners and 3 highlight how people have used chemical education based research in their teaching  
practice There are places in the literature dedicated for chemical education research CER however there is not a clear  
avenue for those that have changed their teaching methods based on published CER and report their experiences Creating  
this article collection will foster collaboration between chemical education researchers and teachers of organic chemistry  
This opportunity allows these instructors to share evidence based practices experiences challenges and innovative  
approaches from CER literature and beyond This Research Topic bridges discipline based education research and the  
scholarship of teaching and learning which will help advance organic chemistry education and improve student outcomes
