Decent Obsessions Bernard Salt, 2013-07-01 What is the etiquette of greeting an opposite sex colleague in a social situation Should you shake hands or air kiss Are you surrounded by people who continually complain about being broke but manage to pop over to Bali for a holiday Do you like saying the names of Susilo Bambang Yudhoyono and Aung San Suu Kyi just because they sound good Do you secretly envy surgeons because they get to scrub right up to their forearms or feel uncomfortable unless the television volume is set to an even number Have you ever left a social function thinking Am I the only normal person in the world If any of this resonated with you then Bernard Salt is your fellow traveller Decent Obsessions is a rollicking some might say slightly obsessive journey through the manners the mores and the minutiae of modern life

Selected from hundreds of submissions to a call for entries the designs shown here take their cues from many different sources including such companies as Levi's, BMW, Tag Heuer, IBM, and Apple as well as studios seeking to promote their own identities. Featured designs represent an array of media options including websites, CD ROMs, interactive kiosks, DVD software, and new interactive tools. An editorial commentary offers a frank exchange between writer Lyle Rexer and Robert Greenberg, chairman and CEO of R/GA interactive, who discusses both his pioneering past and the third revolution he sees in store for the future. Credits, project descriptions, and indices complete this book as a great resource for both designer and client.
