Arrival Of The Gods Revealing The Alien Landing Sites Of Nazca:

Arrival of the Gods Erich von Däniken, 2011-06-01 Nazca once only an isolated settlement in the midst of the Peruvian desert is today the meeting place for archaeologists from around the world. From here you can fly over the celebrated Nazca pampa and appreciate the massive scale of the extraordinary markings on the surrounding landscape. Some of these lines are over twenty kilometers long. Drawing on over thirty years of study Erich von Daniken examines the various theories that attempt to explain the Nazca phenomena in terms of religious ritual ancient roads and astrological symbols. With the help of numerous photographs taken by the author half hanging from a small airplane he describes the many mysteries of Nazca and puts forward a startling revolutionary solution to one of archaeology's greatest enigmas. **Arrival of the Gods** Erich Von Daniken, 1998-11-01 Nazca once an isolated settlement in the midst of the Peruvian desert is today the meeting place for archaeologists from around the world.
