**Articulate Studio Cookbook** Robert Kennedy, 2012-11-23 The cookbook style is a series of practical recipes which represent solutions to problems and popular activities in a concise but detailed manner If you are a beginning developer or just someone who has been asked to be the jack of all design in your training department then this book is a great starter Having a working knowledge of PowerPoint is helpful but not essential By simply following the steps you will be able to create a clean professional looking course      *The American Voter: Stupid and Ignorant* Walt Kienia, 2015-02-08 Since Eve stupid people have existed and multiplied Far too many stumble through life fortunate that breathing is involuntary with ignorance and without common sense It is not surprising then that they bring their brainless way of life to the voting arena The American Voter Stupid and Ignorant takes an anecdotal historical and statistical look at how the voters from Eisenhower to Obama through the eyes of the professionals and nonprofessionals who have reported on this nonsense have stumbled into a voting booth with only slightly more cognitive ability than a vegetable God Bless America      *Cape Wind* Robert Whitcomb, Wendy Williams, 2007-08-05 When Jim Gordon set out to build a wind farm off the coast of Cape Cod he knew some people might object But there was a lot of merit in creating a privately funded clean energy source for energy starved New England and he felt sure most people would recognize it eventually Instead all Hell broke loose Gordon had unwittingly challenged the privileges of some of America's richest and most politically connected people and they would fight him tooth and nail no matter what it cost and even when it made no sense Cape Wind is a rollicking tale of democracy in action and plutocracy in the raw as played out among colorful and glamorous characters on one of our country's most historic and renowned pieces of coastline As steeped in American history and local color as The Prince of Providence as biting revealing and fun as Philistines at the Hedgerow it is also a cautionary tale about how money can hijack democracy while America lags behind the rest of the developed world in adopting clean energy      *The JFK Image* Raluca Lucia Cimpean, 2014-10-16 One of the most popular presidents of the twentieth century John F Kennedy has been the subject of countless books documentaries and portrayals both on television and in feature films Whether depicting his exploits during World War II PT 109 capturing crucial moments during his presidency Thirteen Days or providing a fictionalized account of his assassination Executive Action films continue to portray Kennedy and his legacy In The JFK Image Profiles in Docudrama Raluca Lucia Cimpean examines John F Kennedy's representations in motion pictures focusing on how the late president's image has been constructed to keep the myths of the Kennedy era and Camelot alive The volume explores those myths through docudramas which combine the aesthetic and narrative codes of documentaries with those of fiction to portray the characters and events of the Kennedy era as classic battles between good and evil Beginning with an examination of the docudrama and its uses this book analyzes the Kennedy image with its focus on the New Frontier Camelot and revisionist approaches and then provides in depth examinations of such films as JFK In the Line of Fire and The Rat Pack Drawing on archival research and

Kennedy letters only recently released to the public The JFK Image will be of great interest to scholars of film and popular culture as well as those working in political science the culture of the 1960s and of course Kennedy studies     **The Kennedy Persuasion** Paul R. Henggeler,1995-03 The Texas School Book Depository once a warehouse for books today houses our imagination Paul Henggeler writes Today many Americans share a nostalgia for the Kennedy years and their imagined hope and promise in polls they reaffirm a yearning for the optimism and confidence associated with JFK s brief presidency American political leaders keenly aware of the mystique and its effects on the electorate have energetically laid claim to the Kennedy mantle Mr Henggeler traces this phenomenon in an engaging and original piece of history Using fresh archival sources he describes how Democrats and Republicans liberals and conservatives have invoked the Kennedy mythology adopted the Kennedy strategy even tried to summon up the Kennedy appearance in order to influence Congress the media and the American public As a consequence John Kennedy is now larger and more influential in American politics than he ever was in the flesh Used and abused the Kennedy legend has inspired an entire generation of American politicians from Lyndon Johnson through Bill Clinton but our political life may be poorer for it The Kennedy Persuasion is a convincing often surprising case study of the great historical image of our time     *Indira Gandhi* Ravi Ranjan & M.K.Singh,2021-09-11 This biography of a great person is an adventurous academic venture The present book is devoted to the great personality of Indira Gandhi who was the Prime Minister of India for several consecutive terms and for the last term until her assassination a total of fifteen years She was India s first and to date the only female prime minister Her greatest achievement was that she led the nation to the decisive victory in the 1971 Indo Pak war This comprehensive Biography in an interesting manner has culminated into an exhaustive work on the subject Beyond normal parameters it is bound to serve all its users I am indebted to all scholars authors and compilers whose valuable contributions I have benefited from while preparing this book I am also thankful to the publishers and website operators whose works I have referred to during the compilation of this book And last but not the least the undersigned expresses wholehearted gratitude to all the associates who extended their full cooperation in shaping and finalizing this project This book is destined to be acknowledged by all academic circles Enlightening comments and suggestive remarks are solicited very cordially This book is an exclusive compact and comprehensive account of the above mentioned great life which is bound to attract the attention of scholars researchers students and of course the general readers Contents The Profile A Great Life Making of a Leader Prime Minister of India Versatile Personality Treasure of Thoughts The Indira Cult Quotable Quotes     **Countdown 1960** Chris Wallace,2024-10-08 Instant New York Times Bestseller An Amazon Best Book of the Month A riveting new work and fresh take on the lead up to the presidential election of 1960 drawing timely parallels to the choice Americans face in 2024 It s January 2 1960 the day that Massachusetts Senator John F Kennedy declared his candidacy and with this opening scene Chris Wallace offers readers a front row seat to history From the challenge of primary battles in a nation that had never elected a Catholic president to

the intense machinations of the national conventions where JFK chose Lyndon Johnson as his running mate over the impassioned objections of his brother Bobby this is a nonfiction political thriller filled with intrigue cinematic action and fresh reporting Like with many popular histories readers may be familiar with the story but few will know the behind the scenes details told here with gripping effect Featuring some of history s most remarkable characters page turning action and vivid details Countdown 1960 follows a group of extraordinary politicians civil rights leaders Hollywood stars labor bosses and mobsters during a pivotal year in American history The election of 1960 ushered in the modern era of presidential politics with televised debates private planes and slick advertising In fact television played a massive role More than 70 million Americans watched one or all four debates The public turned to television to watch campaign rallies And on the night of the election the contest between Kennedy and Nixon was so close that Americans were glued to their televisions long after dawn to see who won The election of 1960 holds stunning parallels to our current political climate There were potentially valid claims of voter fraud and a stolen election There was also a presidential candidate faced with the decision of whether to contest the result or honor the peaceful transfer of power     **Fellow Citizens** Robert V.
